ASSEMBLY INSTRUCTIONS

MODEL	FOLLOW PAGE NO'S.
Corniche	2,3 6,7
Campa/Campa De Luxe	2,3 4,5
Colt/Colt De Luxe	2,3 8,9
Calypso	10, 11

For all models, apart from the Calypso, follow the instructions illustrated on these pages, then to complete assembly:

for Corniche see pages 6,7
for Campa/Campa De Luxe see pages 4,5
for Colt/Colt De Luxe see pages 8,9

Pages 12-16 show exploded view of trailers and extension frames with list of parts.

These simple instructions show you in easy stages all you need to know on how to assemble your Conway Trailer Tent. Every model shares the same basic assembly system but there are variations in the final stages for each model. When you have completed all the stages shown here, just unfold the relevant pages for your model to finish off.

A Conway Trailer Tent will take you only minutes to erect, and needs the minimum of effort — it really is child's play.

1. Unhitch trailer from car. Position on as level ground as possible. Drop down the four trailer corner jacks.

2. Remove cover by detaching elastic cord from black plastic cleats.

3. Drop the four corner kitchen support jacks to within 1/2 inch of ground. Release the two protex fasteners on either side of the kitchen, which will in turn release the kitchen from trailer.

4. Now slide kitchen away enough to disconnect 7 pin plug.

5. Slide the kitchen off carrying rails and away from the trailer.

6. Swing over left hand cabin roof support frames and then same on right hand side.

7. Lift up the two hinged arms to form the 5th roof support pole.

11. Clip the inner tents to the framework.

8. Extend each of the 4 cabin support poles by pushing upwards simultaneously at front and back. Locate the small button clip in the centre at the back of 5 holes in each pole. Adjust as necessary when pegging out.

12. Pull down all walls of cabin canvas.

9. Fold over each bed board and mattress to each side. Check that each bed leg is securely located and adjust as necessary.

10. Release elastic bands restraining inner tents and mattresses.

CONWAY COLT AND CO

The Colt features integral extension for plenty of living area, and 24 cu. ft. of storage space so that you can pack all your camping equipment into the trailer.

And our unique folding system means that you can pack up with wet canvas without wetting bedding and other equipment.

17. Connect "A" frame to centre roof support pole.

14. Layout structure of tent extension. See parts list overleaf for detailed diagram.

18. Connect 3 front support legs leaving bottom half broken, then add outside roof support poles.

15. Connect three roof support poles.

19. Unroll canvas and pull down over extension frame.

16. Please note centre pole has smallest hook.

20. Connect the front 'Broken' legs and raise extension to full height.

21. Peg out with all zips closed pegging out at corners first, and ensuring gusset at rear is in line with tow-bar
