

It's up before you can say CONNAUMATIC®

THE NEW CONWAY CRUISER

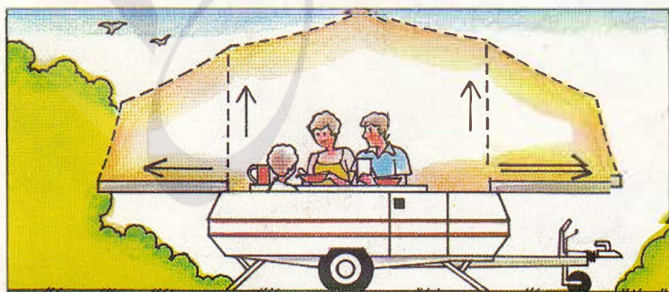

THE MOST ADVANCED TRAILER
TENT IN EUROPE TODAY

JUST when you thought there was nothing new in trailer tent design, Conway introduce the latest addition to their luxury range - the new Conway Cruiser.

Based on over 12 months in-depth research by our trained engineering and design team, the Cruiser is like no other trailer tent on the market today. Having the unique advantage of incorporating the revolutionary 'Connaumatic'® erection system.

There's no pegs or loose poles to worry about, and no more struggling with heavy canvases. Simply slide out the beds at either end of the compact 8' long trailer and a complete 16' 'Cruiser' follows - longer in length than many luxury caravans!

... Camping has never been so easy.

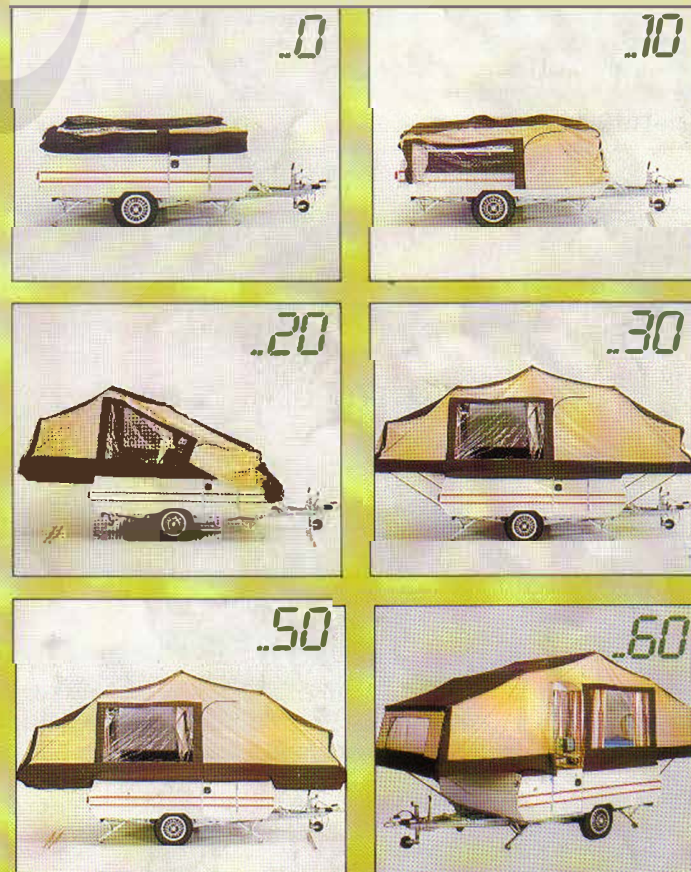

A LUXURY HOLIDAY HOME IN A MATTER OF SECONDS - 'CONNAUMATICALLY'®

LUXURY CRUISING

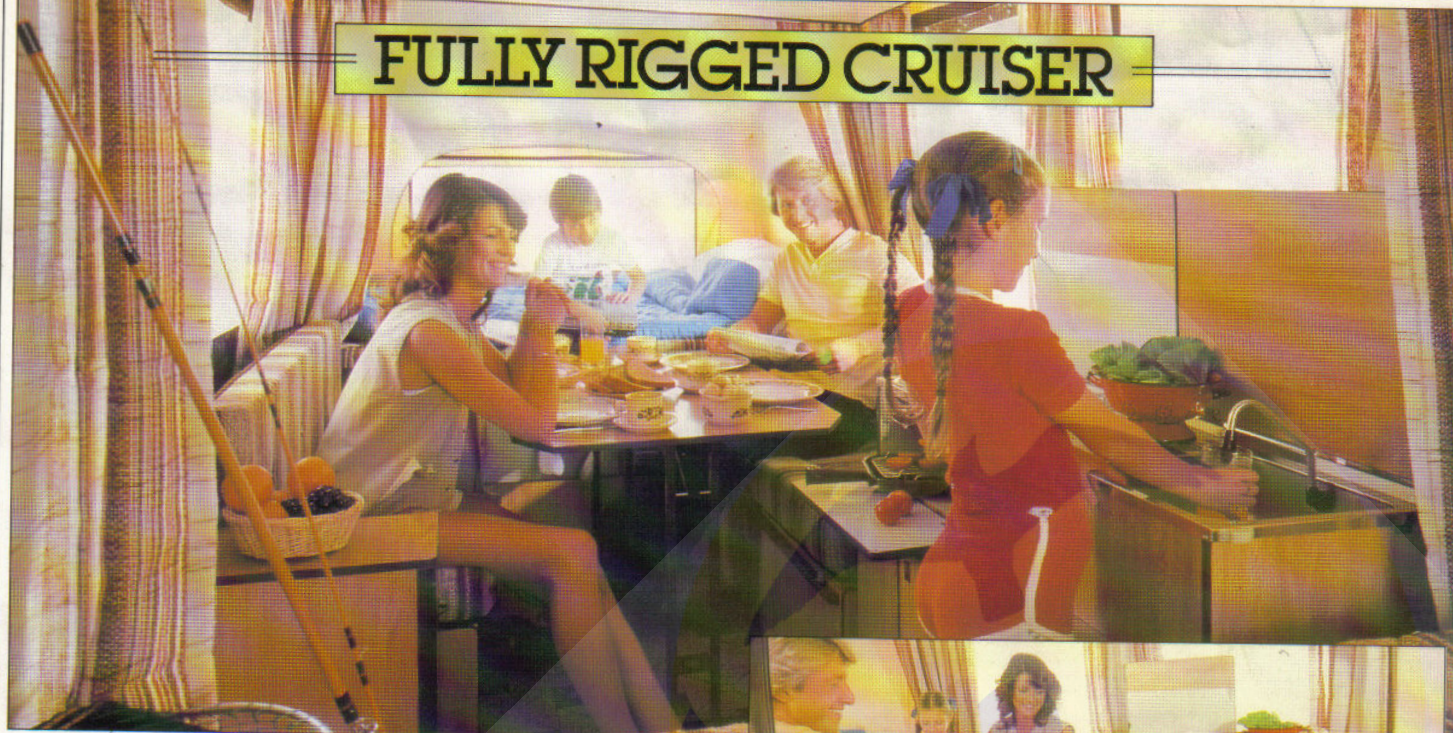

And, when it's time to move on, the Cruiser can just as easily be 'Connaumatically'® folded away into the compact trailer. Within minutes you can be once again on the road, heading off to your next chosen destination.

Whether for long stays, week-end breaks or short stop-overs, the Cruiser is the perfect answer for today's relax-conscious trailer tenters.

START TO FINISH IN 60 SECONDS

FULLY RIGGED CRUISER

As you would expect from a trailer tent designed by Britain's leading manufacturer - Conway, the Cruiser offers far more than any ordinary trailer tent. Not only will you be pleasantly surprised at the exceptional amount of inner space available, but also at the superb features and facilities offered as standard with the Cruiser.

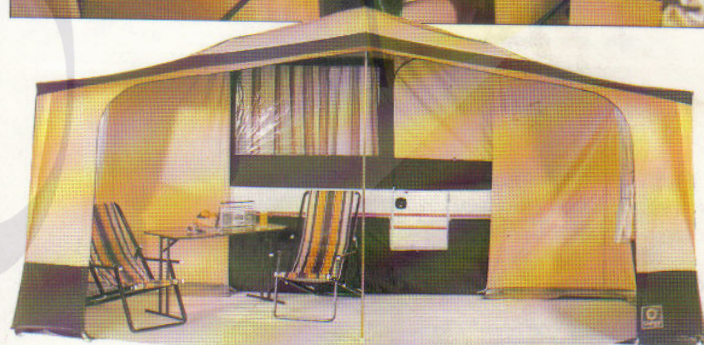

QUALITY CRUISER STYLE

Only superior materials are used throughout the Cruiser. As in the rugged galvanised chassis and the special rubberised torsion bar suspension. The upper tent section, which is attractively designed in rich, nut brown and beige is made of top quality super-strong canvas.

Inside, the co-ordinated roof lining and curtains create a cosy evening atmosphere. Whilst, for those hot summer days, screen ventilation ensures a welcoming breeze.

For additional interior space, a matching full length awning is available as an optional extra, the front panels of which can be separated to form a shaded veranda.
