

# INTRODUCING A REVOLUTIONARY NEW FOLDING CAMPER THAT TOWS AND STOWS AS EASILY AS A TRAILER TENT

'86

## THE CONWAY CHALLENGER

A NEW CAMPING CONCEPT FROM CONWAY

narrower than the average family car, for excellent rear view vision and easy manoevrability.

The Challenger features a robust hot dipped galvanized chassis and for added safety, hydraulically dampened overrun brakes are fitted as standard.

The gas bottle box is available as an optional extra.

best of both worlds in fact for the camping clubman!

### —EASY TO TOW—

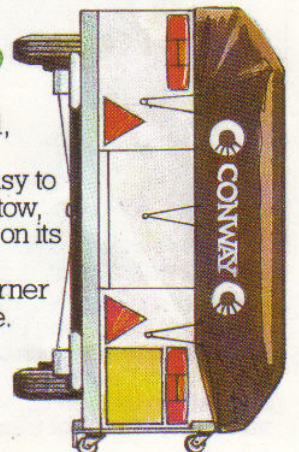

The Conway Challenger folds down into a light, compact trailer.

Light, compact and easy to tow

### —EASY TO STOW—

Off the road, the compact trailer is as easy to stow as it is to tow, storing neatly on its side in any convenient corner of your garage. With the optional side storage brackets.

New for 1986 to Conway, a camper that's ideal for weekend or over night stops.

The exciting new Conway Challenger – a compact Folding Camper that combines the very best design features of the more spacious 4 – 6 berth campers with the easy tow, easy stow advantages of the standard trailer tent – the

**—EASY TO ERECT—  
NO PEGGING REQUIRED**

The new Conway Challenger gives you the freedom to take off whenever, wherever you please. The unique Conway Challenger's fast erecting system makes it ideal for short stops – enabling the Challenger to be set up in minutes on both grass and hardstanding, no pegging required.

Challenger with awning

An underbed storage/ sleeping compartment can also be fitted either side, creating extra accommodation or storage space. For added luxury, a stylish, functional sun-canopy offers extra shelter. A full awning is also available with double door and roll-up front – suitable for longer stays.

**—LUXURY AS STANDARD—**

Who'd have believed we could pack so many luxury features into one compact trailer?

Opened out, the spacious interior of the Challenger features a full roof lining, carpeted floor, stainless steel sink and cooker with cupboards space and comfortable bench style seating which converts quickly and easily into a double mattress. A separate

kitchen unit simply hinges up intact on site, with all gas and water connections to the outside automatically made.

The ventilation system too has been refined with the short canopy to the main tent – enabling the stable door to be left open even in poor weather.

Further ventilation is available by means of the rear kitchen window, an external canvas flap that can be rolled up or guyed out; whilst on the interior, a zipped and velcroed vinyl window covers the insect mesh allowing you to control the air flow.
