PURSUIT OF EXCELLENCE*

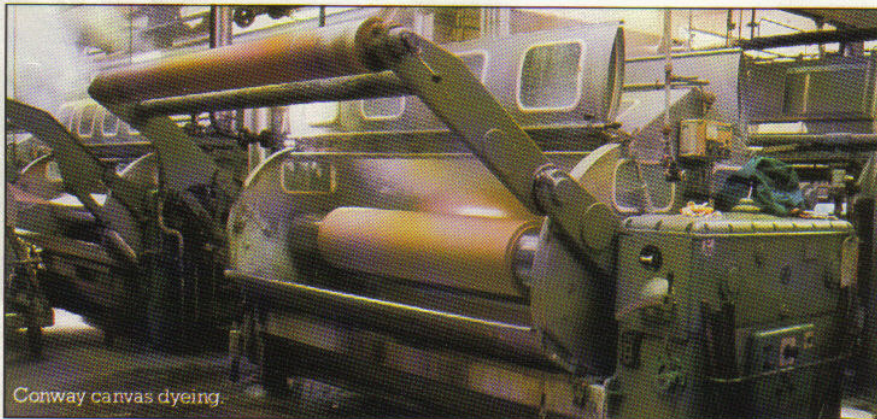

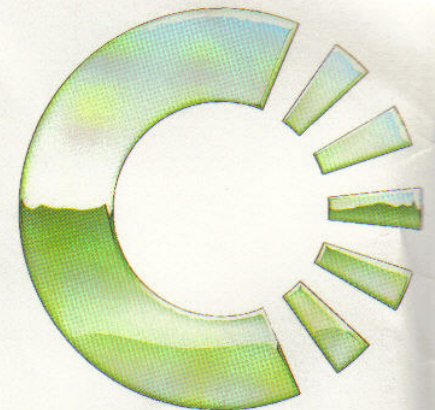

THE SINGLE MINDED CONWAY CO SUPERB ENGINEERING AND DEP

CONWAY DESIGN

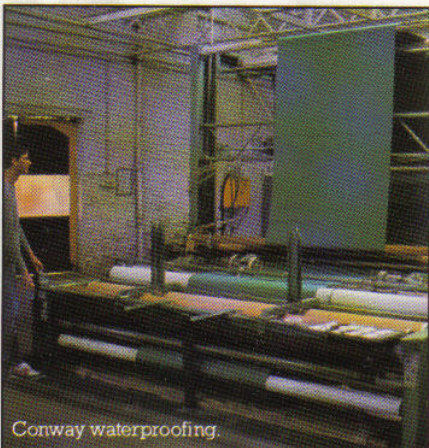

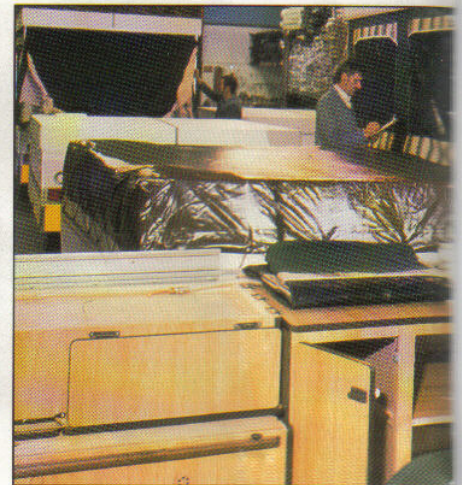

CON ENGINE

In every field of endeavour, there can be only one leader. One undisputed champion, whom the rest can only imitate. In the trailer tent and folding camper field that name is Conway. It's the name that took camping 'off the ground'. And Conway's pre-eminence starts at the drawing board, with design flair, intelligent planning and continuous innovation. Conway is British at its very best.² Products that gain admiration and turn heads wherever they appear – whether gliding effortlessly along the road or standing proudly on site, handsome and erect – head and shoulders above the rest.

Conway canvas dyeing.

Conway 100% cotton.

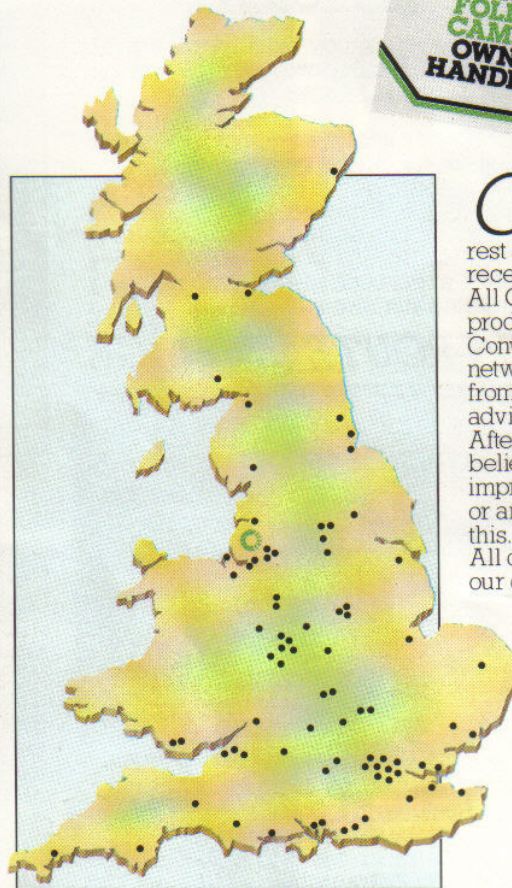

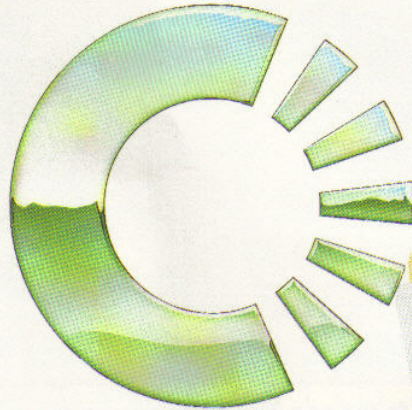

COMMITMENT TO BRILLIANT DESIGN, UNMATCHED AFTER-SALES SERVICE

CONWAY OFFERING

CONWAY SERVICE

Of course brilliant design is of little use if it is impractical or unreliable. History is full of brilliant ideas that didn't work. The Conway philosophy is to match design with quality, at every stage. Testing every component – using the very best materials insisting on only the finest craftsmanship and cutting no corners in a constant endeavour to ensure that everything works perfectly. Conways Control starts at the very source especially in the manufacturing of the "classic" Conway Canvas. We life-test all our products, both on the road and on site – we listen to customers' comments, even the occasional complaint – and learn by them. It's your guarantee of quality and value – an investment that carries the hallmark of Conway.

Conway owners are members of an 'elite club'. Their choice of the very best, sets them apart from the rest and in keeping with this status, they receive a very special service.

All Conway dealers have attended product training courses and as Conway has the biggest nationwide network of dealers you're never very far from expert and friendly help and advice.

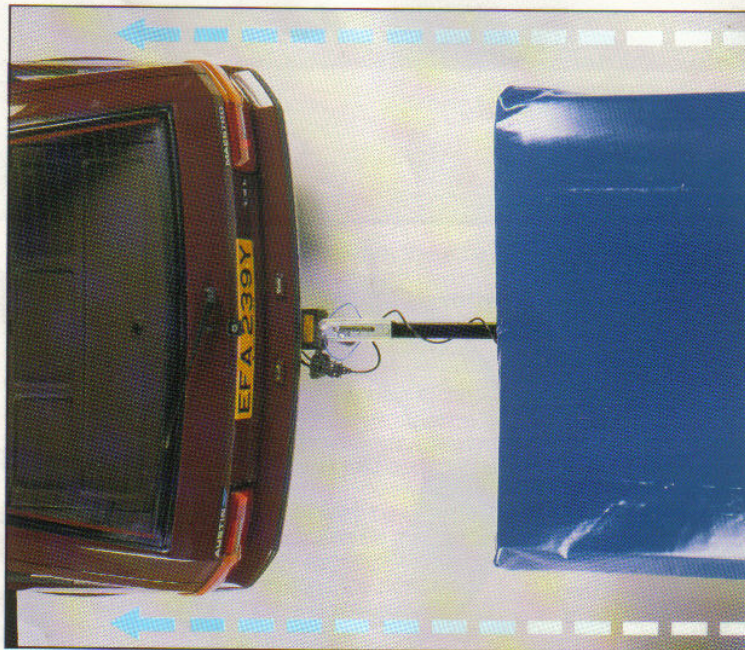

After Sales Service is something we believe in, each year we even try to improve. Speak to our dealers, the press or any Conway owner for confirmation of this.

All our products are guaranteed and our owners handbook and instructions have been quoted as being the most informative there is, when you come to change your Conway model, you'll find your Conway dealer has some very special deals – to help you to go on proudly owning the finest.

FIVE REASONS THAT TOGETHER, MAKE CONWAY EUROPE'S NO.1

EASY TO TOW SIMPLE TO STOW

Conway Trailer Tents are compact and lightweight, making them easy to manoeuvre on the road and simple to store at home. The removable drawbar and axle make for easy storage. When the Trailer is not in use you can store it on its side in your garage, leaving plenty of room for the car, by means of specially designed storage brackets.

AA The economy of towing a Conway Trailer has been checked out by a professional association of national and international reputation – using a completely independent scientific examination under specially controlled conditions. What better conformation.

AERODYNAMICALLY EFFICIENT

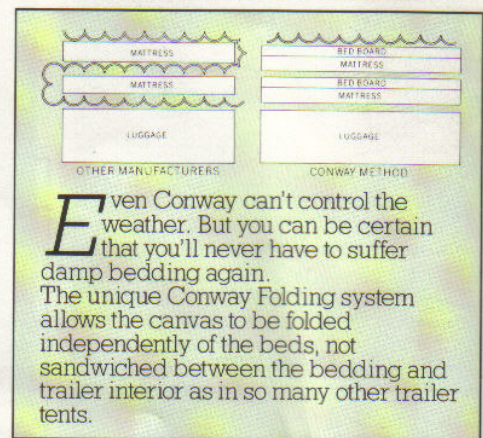

Because Conway Trailer Tents are lower and narrower than the average car, wind resistance is kept to a minimum. This not only means a real saving in fuel costs but also makes towing simplicity itself, with none of the buffeting or instability experienced by Caravan owners. Of course, the ultra low profile design also means an unrestricted rear view – a real boon when overtaking, cornering and reversing.

EN-ROUTE STORAGE

One of the most outstanding design features in a Conway Trailer Tent are the storage facilities. Capacious trailer 'well' and lockers mean ample room for everything you'll need – sleeping bags, tables and chairs – even your luggage. There's no need for roof-racks – and your car is free to do what it was designed for – carrying you and your passengers in comfort, safety and with unrestricted visibility when towing your Conway.

FOLD-AWAY CONWAY STYLE

Even Conway can't control the weather. But you can be certain that you'll never have to suffer damp bedding again. The unique Conway Folding system allows the canvas to be folded independently of the beds, not sandwiched between the bedding and trailer interior as in so many other trailer tents.

OFF THE GROUND SLEEPING

You don't sleep on the ground at home – so why should you be expected to on holiday? Conway took camping off the ground – three feet off the ground where you can be safe – dry and supremely comfortable. But the underberth space is not wasted, it's perfect for storage – or if you wish, extra sleeping area.

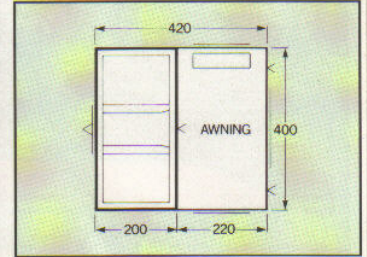

CONWAY CONTIKI

The 1986 Contiki is an exciting new trailer tent in striking modern colours of blue and grey with co-ordinated inner tent, curtains and mattress covers. The 'Contiki Concept' features three models, The Contiki De-Luxe, Contiki L, and Contiki, each with the new tent but on

a choice of trailer bodies, giving you and your family the option to choose the facilities you require. All models feature, as standard, two double beds, a deep integral extension with front and side panoramic window and a versatile front panel which enables you to

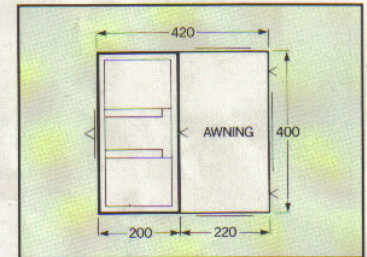

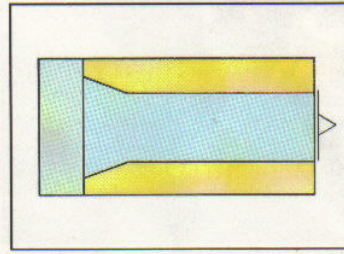

open one or both doors, or the facility to roll up the whole front. The addition of the optional sun canopy means that whichever model of Contiki you have it will be the subject of envious eyes on the campsites this year.

Contiki De-Luxe

Standard features include De-Luxe Kitchen, Lockers.

CONWAY CARLTON

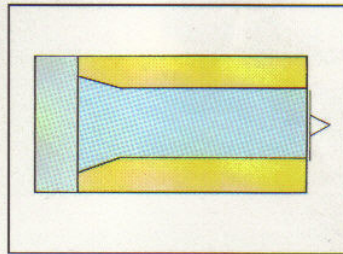

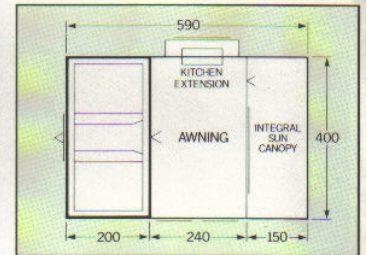

New for 1986 is an integral sun canopy, giving the benefit of a large, shaded area to the front of the tent.

The 'Carlton Concept' features this large attractively-styled tent with a choice of three trailer bodies and two kitchen units.

The Carlton De-Luxe, Carlton XL and Carlton L have room for all the family, but with the options you require.

Sleeping for 4-6 is provided in two double beds and the optional under-bedroom. The zip-off extension allows the sleeping

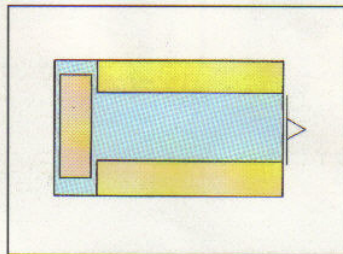

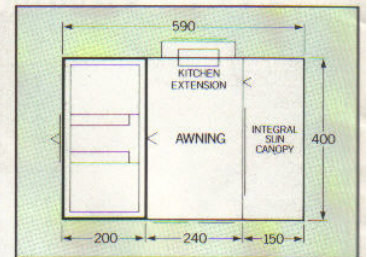

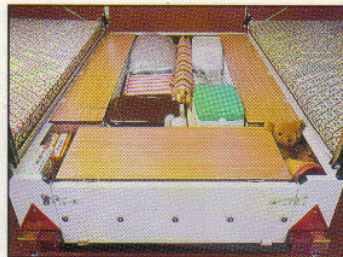

area only, to be used for overnight stops, whilst the extension itself features a space-saving kitchen area with roll-up facility for both front and side and, of course, a stylish sun canopy.

CONWAY CARMARGUE

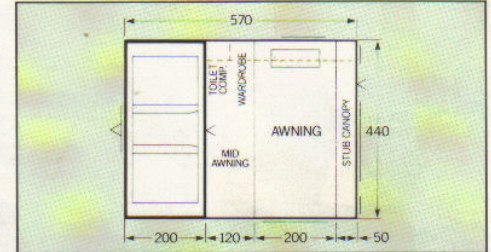

The 'Carmargue Concept' is the unique Conway triple trailer tent. With full luxurious specification including De-Luxe kitchen, toilet and wardrobe compartments, the Camargue, is a real home from home.

The triple trailer tent facility of this model gives great flexibility, the zip-on extension and centre panel enabling the Camargue to be used for overnight stops, lazy weekends and longer, luxurious holidays. In addition to the features listed above, the

Camargue – the ultimate in trailer tents – has, as standard, integral lockers complete with cushions, zipped access to both underbed areas, front and side doors and roll-up facility for front and side walls.

TRAILER TENT ACCESSORIES

Whichever Conway Trailer Tent you choose, you'll find a level of luxury and comfort impossible to match at the price. But you'll almost certainly want to add a few little extras of your own, and here you'll find Conway accessories available to meet your every need, and make Conway Camping even more luxurious. They're all available from your local Conway Dealer and are covered by the unbeatable Conway Guarantee.

FOLDING CAMPERS ANOTHER CONWAY CONCEPT

Here's the ultimate in 'Camping Comfort'. As far removed from the spartan tent peg and groundsheet days as the modern car is from the 'Model T'. Conway's brilliant Laser and Tardis range of Folding Campers is the best of all possible worlds, the result of five years experience and continuous research.

Handsome sleek low profile trailers, that with the turn of a handle effortlessly open out into fully fitted luxurious holiday homes to accommodate four or six adults in the comfort, you would only expect from a modern caravan.

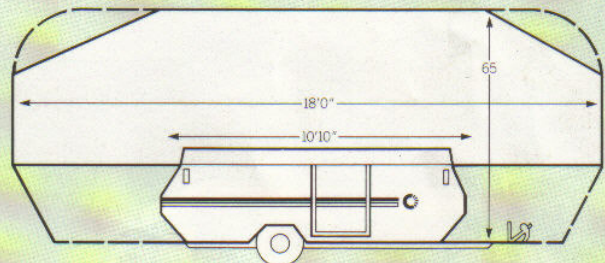

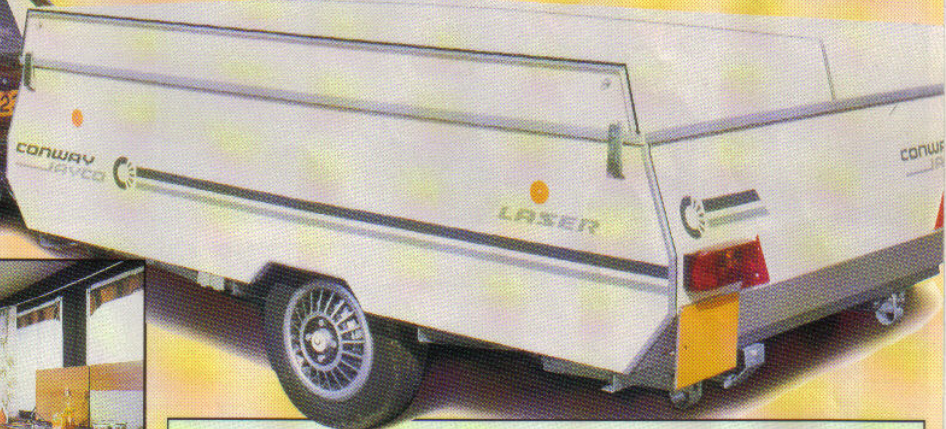

Electric lighting - luxury kitchen unit with gas cooker and grill. Stainless steel sink unit - separate 'bedrooms', carpeted lounge/dining area, wardrobes and ample cupboard space.

But along with the comfort, space and luxury, the outstanding feature of these wonderful campers is the ease of towing.

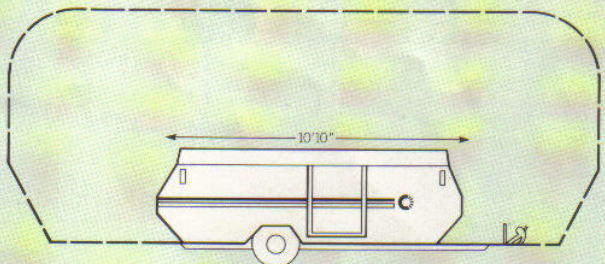

Only 48" high, when folded down, they slipstream so smoothly and effortlessly along behind your car - you could almost forget that they are there!

In fact getting there has never been easier - or more cost effective. The Laser and Tardis range open up the world for you - wherever you want to go - whenever you want to go, so much easier than a traditional caravan - in every way.

On site - opens up to the equivalent of a full 18 ft caravan.

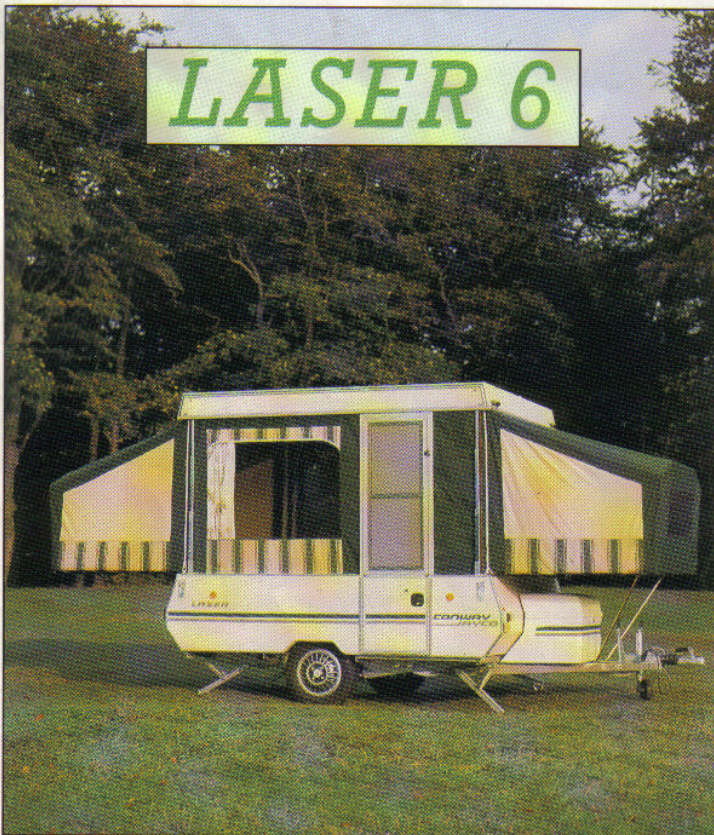

On the road - sleek and low for easy, fuel-saving towing.

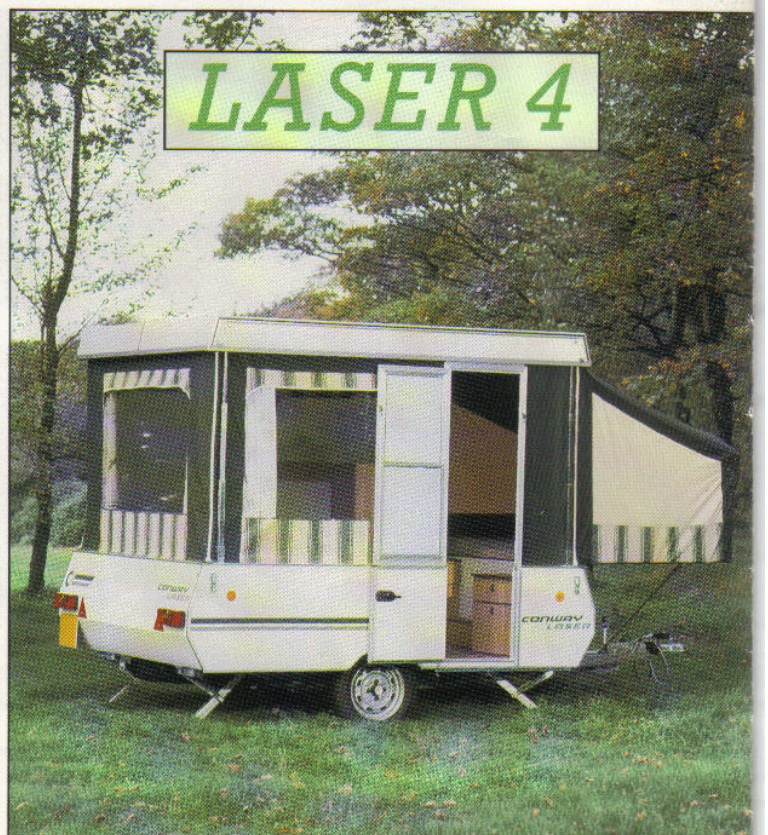

CONWAY
TARDIS EK

LASER 6

LASER 4

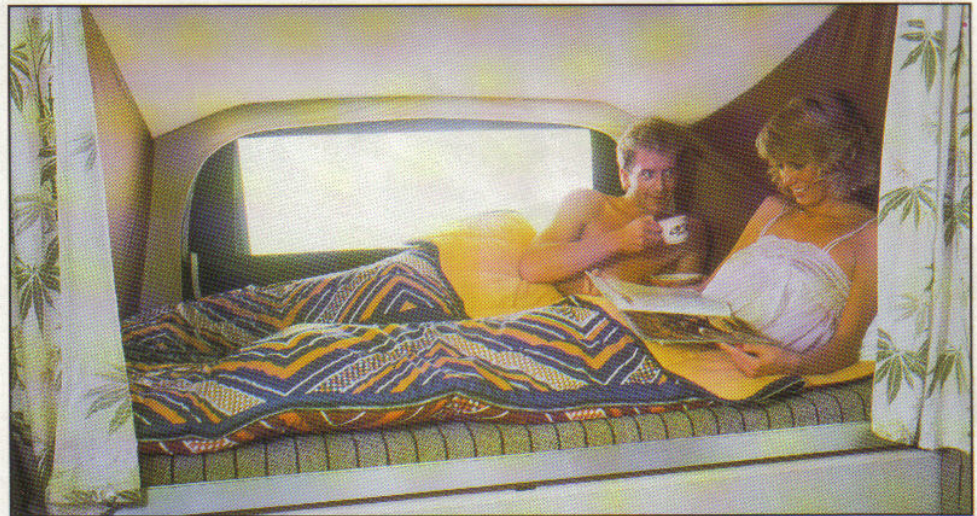

The new 1986 Tardis has a completely redesigned interior to give you greater comfort and extra space. This end kitchen (EK) layout allows the chef of the house to get on with the evening meal, leaving the rest of the family playing scrabble and not getting under foot. The nose weight has been reduced resulting in less wear and tear on your car.

Standard features include gas bottle box and under slung spare wheel. The optional extra refridgerator keeps things cool in the summer, whilst the optional underfloor heater keeps you warm in the winter. Sun Canopy, Awning and Toilet extension are also available.

The Laser 6 and the new Laser 4 are designed for maximum space yet can be towed by smaller cars. The Laser 4 has been introduced as a result of the many requests for a luxury 2 berth, however, sleeping accommodation for four can be provided, using the dinette area. As in the Tardis the two Laser models feature as standard gas bottle box and underslung spare wheel. Popular optional extras include, fridge, underfloor heater, sun canopy, awning and toilet extension and wardrobe.

CONWAY CRUISER

Sun canopy optional.

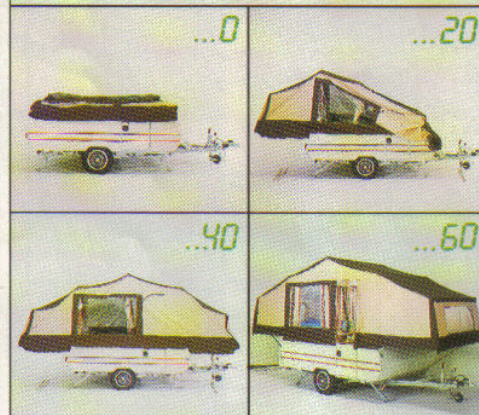

Cruiser with full awning.

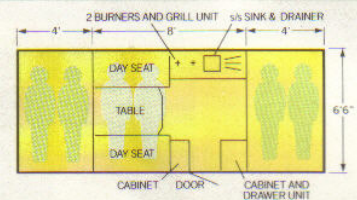

Brilliantly bridging the trailer tent range and the folding campers, the amazing Conway Cruiser offers you the perfect alternative. It's unlike any other trailer tent on the market today, and could only be the inspired product of Conway research and development. Thanks to Conways unique 'Connaumatic' erection system the sleek aerodynamic trailer only 44" high and 8 ft long, opens up into a full six berth, luxury home 6'6" high by 16' long! That's even bigger than many ordinary caravans. As you'd expect from Conway, it comes complete with beds, tables, comfortable seating and fully fitted kitchen. For 1986 there's even an optional sun canopy and the interior and exterior decor has been redesigned in an up to the minute colour scheme. The price now even includes a gas bottle box as standard.
