

CONWAY

L I F E S T Y L E

www.foldingcampers.net

In this brochure you will find a comprehensive range of trailer tents and folding campers, one of which will be perfectly suited to your life and style. Whether you want to take advantage of the simple pleasures the quiet coastal or countryside settings can offer or take

an opportunity to see the wonderful sights of Europe, Conway has everything you need and a price range to suit you.

Basic farm to luxury 5-Star camping sites are what camping today offers, from sites with only basic facilities to ones with everything you can

imagine – you would even envy the many facilities offered; beautifully clean tiled washing units, mains electric hook ups, swimming pools and restaurants with a terrific atmosphere.

BREAK AWAY ...

The excitement of planning and visiting places you have always wanted to – being able to come and go whenever you please. A day on the beach or a visit to a wonderful historic and beautiful town or village, ending with a barbecue outside your own Conway trailer tent – what more could you wish from a holiday?

Buying a Conway trailer gives you the opportunity to take a holiday any time for years to come – and don't forget, when it comes time to sell your Conway trailer tent or folding camper, because it is a Conway, it will have a re-sale value far higher than any other make.

1 Feel the freedom, take the high road – or the low road, the choice is yours. Travel and holiday in style with Conway.

2 Fun for all your family.

L I F E S T Y L E

3

5

Investing in a Conway trailer will give you years of pleasure, far outlasting your usual holiday snaps. There's a wonderful world awaiting and a great time to be enjoyed living under the open skies. So, get away from it all. Start planning your great escape now.

4

3 A perfect ending to the day. Dine in the great outdoors with a barbeque. Just relax and savour the atmosphere.

4 Play away, on the beach or in the country. The scenery is up to you.

5 Conway has everything you need for a picnic in the country.

Conway have been designing and manufacturing trailer tents since 1968, prior to that Conway produced touring caravans. Such experience, combined with premium quality workmanship, engineering and design have gained

them the title of leading manufacturers in Western Europe. Exporting to many countries worldwide and retaining the link with Jayco in America, has made sure Conway are leaders in their field. Striving to remain so, means

Conway are constantly continuing to develop and explore new ideas, ensuring they remain first for quality, value and service.

DESIGN

In every field of endeavour, there can be only one leader.

One undisputed champion, whom the rest can only imitate. In the trailer tent and folding camper field that name is Conway. It's the name that took camping 'off the ground.' And Conway's pre-eminence starts at the drawing board, with design flair, intelligent planning and continuous innovation.

Conway is British at its very best.

Products that gain admiration and turn heads wherever they appear – whether gliding effortlessly along the road or standing proudly on the campsite.

ENGINEERING

The Conway philosophy is to match design with quality, at every stage.

Testing every component, using only the very best materials and the finest craftsmanship, in a constant endeavour to ensure engineering perfection. Conway control starts at the very source, especially in the manufacturing of the "classic" Conway Canvas.

We life-test all our products, both on the road and on site. We listen and learn from all our customers comments.

It's your guarantee of quality and value – an investment that carries the hallmark of Conway.

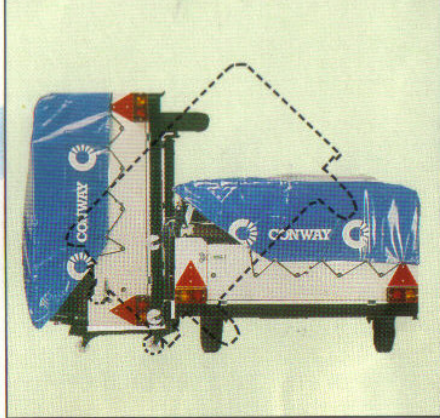

SERVICE

When buying a Conway trailer tent or folding camper there is a very special after sales service you can look forward to. All Conway dealers have attended product training courses and as Conway has the biggest nationwide network of dealers you're never far from expert, friendly help and advice.

After sales service is something we believe is as important as your initial investment and we take pride in providing such a comprehensive, caring service. Of course all our products are fully guaranteed. Full operational instructions for your Conway trailer are provided in the owners handbook.

D E S I G N E D F O R L I V I N G

EASY TO TOW/STOW

Conway trailer tents are compact and lightweight, making them easy to manoeuvre on the road and simple to store at home.

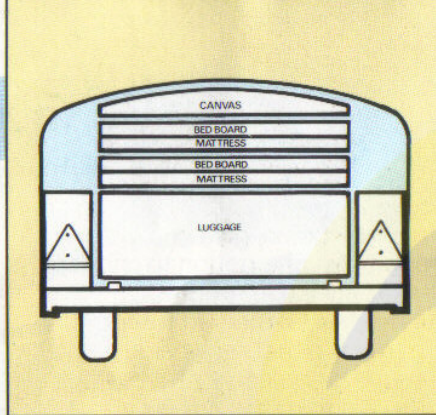

The removable drawbar and axle make for easy storage.

When the trailer is not in use you can store it on its side in your garage, leaving plenty of room for the car, by means of specially designed wheeled storage brackets.

OFF THE GROUND SLEEPING

You don't sleep on the ground at home – so why should you be expected to on holiday.

Conway took camping "off the ground" three feet off the ground where you can be safe – dry and supremely comfortable. But the underberth space is not wasted, it's perfect for storage – or if you wish, extra sleeping area.

FOLDING AWAY

Even Conway can't control the weather. But you can be certain that you'll never have to suffer damp bedding again.

The unique Conway folding system allows the canvas to be folded independently of the beds, not sandwiched between the bedding and trailer interior as in so many other trailer tents.

AERODYNAMIC ...

Conway trailer tents are lower and narrower than the average car, so wind resistance is kept to a minimum.

This not only means a real saving in fuel costs but also makes towing simplicity itself, with none of the buffeting or instability experienced by caravan owners. Of course, the ultra low profile design also means an unrestricted rear view – a real boon when overtaking, cornering and reversing.

EN-ROUTE STORAGE

One of the most outstanding design features in Conway trailer tents are the storage facilities.

Capacious trailer 'well' and lockers mean ample room for everything you'll need – sleeping bags, tables and chairs – even your luggage.

There's no need for roof-racks – and your car is free to do what it was designed for – carrying you and your passengers in comfort, safety and with unrestricted visibility when towing your Conway.

The economy of towing a Conway trailer has been checked out by a professional association of national and international reputation – using a completely independent scientific examination under specially controlled conditions. What better confirmation.

AA

T R A I L E R . T E N T S

The Contiki has an exciting new co-ordinated colour scheme, incorporating the use of a new grey patterned cupboard and kitchen material with blue edging. Available in three models: Contiki deluxe, Contiki L and Contiki each with the blue/grey tent on a choice

of three bodies, giving you and your family the option to choose the facilities you require. All models feature, as standard, two double mattress beds, a deep integral extension with front and side panoramic windows and a versatile front panel which enables

you to open one or both doors or roll up the whole front. The addition of the optional sun canopy means whichever model of Contiki you choose, it will be the subject of envious eyes on the campsite this year.

A C C E S S O R I E S

The ultimate in camping comfort. Conway's brilliant Tardis, Laser, Cruiser and Challenger range of folding campers are the result of five years continuous research and practical experience. They have everything you need for a fun-filled family holiday.

Along with the comfort, space and luxury, the outstanding features of these wonderful campers are the ease of towing and stowage. When folded down, they slipstream so smoothly and effortlessly along behind your car – you could almost forget that they are there.

The Tardis and Laser hard top American-styled models open up effortlessly with the turn of a handle into fully fitted luxurious holiday homes to accommodate four to six adults, in the comfort you would only expect from a modern caravan.

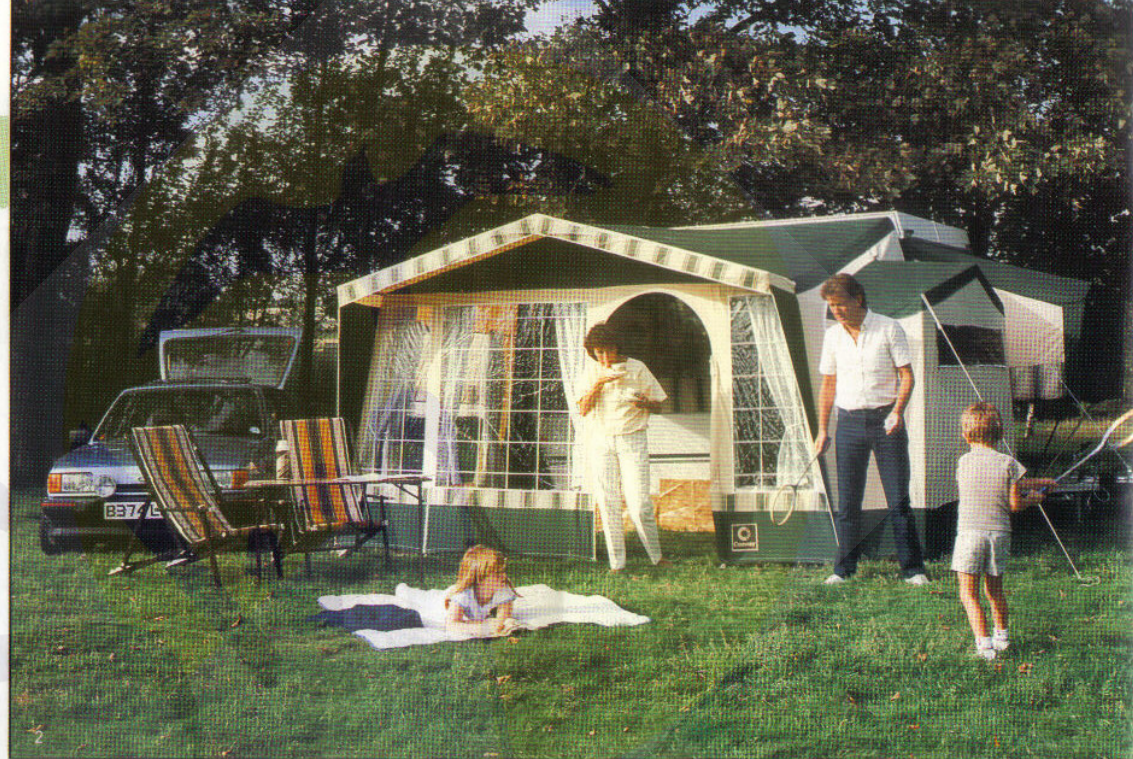

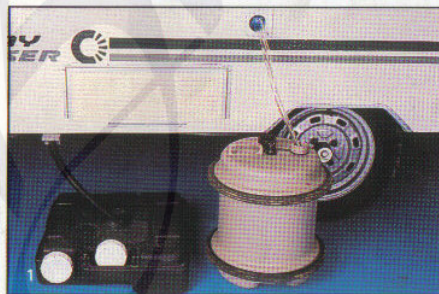

Features include electric lighting, a luxury kitchen unit with gas cooker and grill. Stainless steel sink unit, separate 'bedrooms', carpeted lounge/dining area, wardrobes and ample cupboard space.

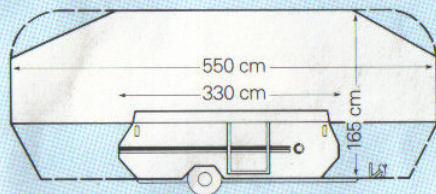

1 An electric waterpump and waste outlet – Conway never forget the details that add to your comfort.

2 The Tardis awning, providing extra shade and protection.

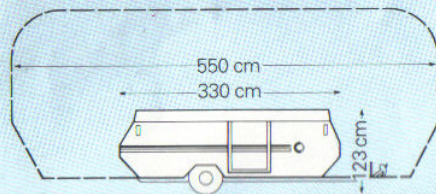

3 A fridge to keep all your food and drinks fresh.

4 Dine in style in the superb Laser

On site — opens up to the equivalent of a full 550 cm caravan.

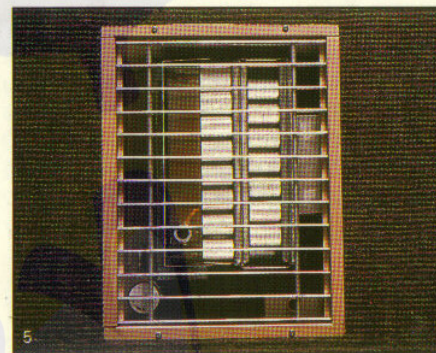

On the road — sleek and low for easy, fuel saving towing.

The Cruiser can be erected in only 60 seconds utilising Conway's unique 'Connaumatic System' and opens up into a full six berth luxury home 2m high by 5m long.

Just as simple is the new Challenger, which can be set up on grass but requires no pegging! A compact folding camper that combines the very best design features of the more spacious 4-6 berth campers with the ease of towing and easy stowage advantages of the standard trailer tents — the best of both worlds for the camping clubman.

Conway also produce a range of optional extras to suit your individual requirements such as; awnings, sun canopies, refrigerators and underfloor heaters.

5 An underfloor heater for extra warmth.

6 Breaking away with Conway...

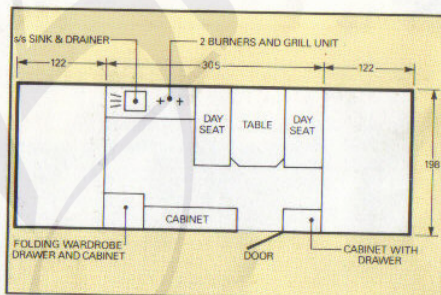

C A M P E R S

The Tardis end kitchen model has proved an extremely popular layout giving the Tardis a spacious interior, with room for all the family. This 6-berth model with wardrobe, spare wheel and gas bottle box has all the luxury you'll ever need.

TARDIS

Standard features include Gas Bottle Box and Underslung Spare Wheel.

Trailer Folded	Overall Length	455 cm
