

EURO-CHALLENGER

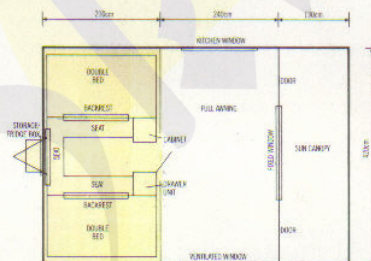

THE BRAND NEW TRAILER TENT FROM CONWAY...

www.foldingcampers.net

EURO-CHALLENGER

Overall length (inc. draw bar)	332cm
Body length	216cm
Body width	152cm
Trailer height	112cm
Ex works weight	375kg
Carry capacity	175kg
Max. gross weight	550kg

The standard plastic moulded storage box fitted on the towing 'A' frame is designed to take a top opening refrigerator.

Easy to stow

Off the road the compact trailer is as easy to stow as it is to tow, storing neatly on its side in any convenient corner of your garage, with the optional wheeled side storage brackets.

Overnight stops or holiday home

The new Euro-Challenger gives you the freedom to take off whenever and wherever you please. The Euro-Challenger's fast erecting system makes it ideal for short stops, enabling the bedroom unit to be set up in minutes, giving you ample accommodation for the overnight stops. The underbed storage areas are cavernous, ideal for storage or, with the optional extra underbed tent, perfect for an extra bedroom. A large zip on awning with double fronted doors, roof lining and integral sun canopy, are all standard equipment in this model.

In addition, the roll up sides provide extra ventilation.

Luxury as standard

With distinctive grey and red trim, the Euro-Challenger stands proud on any campsite, the envy of your neighbours. Opened out, the spacious interior of the Euro-Challenger features two double inner bedrooms, fitted with comfortable grey checkline mattresses. 'U' shaped bench seating with backrest gives you that cosy comfortable accommodation you want on those chilly evenings. A table, cupboard and a two drawer cabinet offer extra luxury.

Kitchen unit

To complete this highly desirable folding camper, a free standing kitchen unit with stainless steel double burner and grill, bowl and drainer can be stored within the trailer. This feature is available as an optional extra.

Camping in the eighties has become increasingly popular. Throughout Europe, more and more families are taking advantage of the freedom and choice of camping when planning their holiday and leisure activities.

To meet this demand, Conway, Europe's leading manufacturer of trailer tents and folding campers, have developed the Euro-Challenger, a brand new trailer tent designed especially for the European market. Ideal for both overnight stops as well as holiday accommodation, the

Euro-Challenger represents the ultimate in camping comfort.

Easy to tow

The Euro-Challenger folds down into a lightweight compact trailer, narrower than the family car for excellent rear view vision and easy manoeuvrability. The Euro-Challenger features a robust hot dipped galvanised full perimeter chassis and for added safety, hydraulically damped overrun brakes with 145 x 10" radial tyres fitted as standard.
