CONWAY

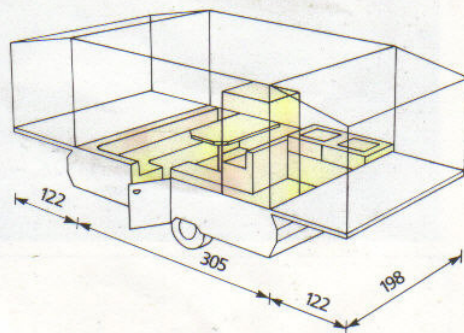

Cardinal and Cardinal Clubman

The Cardinal is available in two models, the Cardinal and the top of the range Cardinal Clubman. Both offer easily erected comfortable and stylish accommodation for up to 6 people.

Each model has the aerodynamic body for economic towing, which is finished in oyster, featuring stylish green coach lines complementing the attractive green and beige canvas.

Standard fittings in both models include: spacious full rear width seating dinette, large comfortable mattresses covered with an attractive floral scotchguard polycotton printed fabric and co-ordinating pelmet and curtains. The furniture is styled in Windsor Oak with profiled drawers and doors, heat resistant work tops and table, large wardrobe, ample under-seat storage and generous cupboard space.

In addition, the Cardinal Clubman features as standard a 3-way operational fridge, mains and 12 volt electrics, inner tents and the Conway Security Box.

Cruiser

This luxurious 6 berth folding camper incorporates many of the features of the Cardinal – full perimeter galvanised steel chassis, body finished in oyster, neat green coachlines and matching green transit cover, with a large lockable gas bottle box mounted on the 'A' frame.

This easily erected non-pegging unit has slide out double beds, which automatically lifts the cabin frame. The stylish green/beige canvas, trimmed with red, houses many features normally reserved for caravans.

The spacious accommodation has fitted as standard a full kitchen unit with dinette, spacious lockers, cupboards and wardrobe panelled in elegant Windsor Oak, 3-way fridge, inner tents and ample ventilation. Top quality mattresses and upholstery in matching colours ensure luxury camping with this model.

The Cruiser can be extended with the optional zip on full awning or sun canopy and extra storage with the under bed storage tent.

TRAILER WEIGHTS

Ex works	480 kg
Carry capacity	270 kg
Maximum gross	750 kg
Hitch weight	38 kg

Challenger

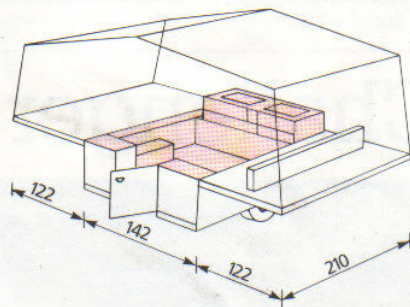

A fast erecting system makes the Challenger a must for touring with no pegging required. The unit can be easily towed by a small car and stowed on its side by using the optional wheeled side storage brackets.

The attractive two tone brown canvas comes complete with two inner tents, roof lining and double mattresses. One of the mattresses converts easily into a bench seat. Interior fittings include: carpet, lockers, cupboard unit, water pump and hinge over kitchen unit. Top quality upholstery and Windsor Oak panelling provides luxury camping normally reserved for the larger models.

Fitted as standard to the fully galvanised chassis is a fridge storage box to house any top opening fridge, or can be used for gas bottle storage.

Optional accessories designed to enhance this versatile unit are: under bed tent, zip on full awning and sun canopy.

The ideal 2-4 berth unit for that overnight stop or simply zip on the awning for that longer holiday.
