Freedom for life

Conway – Europe's leading Folding Camper and Trailer Tent Company for over 30 years

If you're a newcomer to the adventurous world of folding campers and trailer tents you'll soon discover what experienced campers already know.

Conways are simply the top marque. Well, we would say that wouldn't we - but you don't have to take our word for it. Just look around any campsite and the best tents are always Conways. This is particularly true of campers made years ago. No stretched canvas or worn chuffed corners.

It's not simply because we use the best canvas available, it's because we tailor it to fit the frame exactly. Not "just about" or "with a bit of a tug" - but exactly. This means that it doesn't just look perfect, always, but it makes assembly so easy.

Innovation has kept us at the forefront of the industry for over 30 years. We design and produce our own chassis using the latest computer assisted technology. This means that we can be sure that our trailers are amongst the safest and easiest to tow on the market.

What's the difference between a Folding Camper and a Trailer Tent?

Well, basically a Folding Camper is quicker and easier to erect. Not that the trailer tent is difficult - but they do take a little longer as they require some 'pegging down'. If you're touring, with short overnight stops or for weekends, then the folding camper is probably the best choice. Either way a Conway is always the best choice.

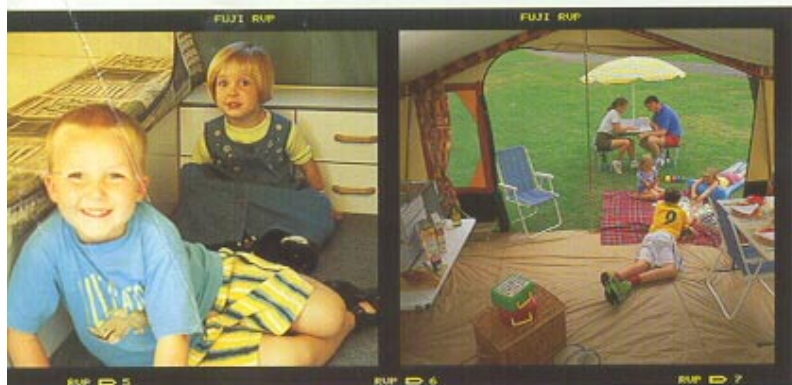

Folding Campers

The features on our folding campers are all designed for safety, ease of use and durability.

- We regard safety as paramount and have designed all our kitchens so that you never need to disconnect a gas pipe when you want to pack down your unit. This saves time and removes the risk of any gas leaks.
- All Conways are easy to tow and have their wheels "in-board". This makes life easier when towing for you to accurately gauge clearances for manoeuvring in tight spaces.
- The taps in all of our folders are operated by hand, as opposed to a foot switch that can be trodden on accidentally.
- We use an automatic braking system on all our folding campers which works in harmony with your vehicle's brakes to ensure a smooth deceleration and a safe stop.
- All of our folders have wind-down corner steadies for increased stability and ease of use.
- An underslung spare wheel is standard with each model.
- An electric water pump effortlessly supplies your water requirements. Each folding camper has its own built-in 12 volt wiring circuit with easily accessible sockets.
- All units with built-in fridges are capable of running on 12 volts, mains or gas.
- A table is supplied with all units.
- Buying a Conway will give you Freedom for Life: the freedom to take the kind of holiday you want, where you want and when you want.

Take a close look at our folding campers and you'll see that you can enjoy all the benefits of a caravan without the bulky weight and towing problems (not to mention the cost).

Trailer Tents

If we could promise you rain free holidays, we would. But with reality in mind we have incorporated the following features to make life easier.

- Our special bed folding system means that the interior of the trailer remains perfectly dry even if you have been unlucky with the weather and have to fold down a damp canvas.
- The covers on our seats and mattresses are removable for easy cleaning.
- The cotton roof liners in both living and cabin areas are designed to trap a layer of air which will keep you warmer at night and cooler through the day.
- The interior mud flap is designed to fold inwards enabling rain water to run easily off the outer canvas walls and drain away. It is so strong that you can peg down your ground sheet through it thus virtually eliminating drafts.
- Little things count – every Conway comes complete with everything you need to begin your holiday even down to a step stool and a mallet.
- Every Conway has built-in storage lockers.
- Every Conway has a high PVC mud wall so that splashes of mud can be easily removed with a damp cloth.
- The Conway kitchen is synonymous with quality and leads the field for its functional durability.

Mark Robinson – Sales Director

Unit/sun canopy

Towed unit

Unit alone

Unit/awning

Challenger Standard Features

The Challenger is supplied with the following standard equipment:

- Auto reverse brakes
- Wind-down corner steadies
- Underlung Spare Wheel
- 12v water system with tap
- Fully connected kitchen unit
- Table
- Fire Extinguisher
- 12v socket
- Fully galvanised chassis

FOLDING CAMPERS

Challenger

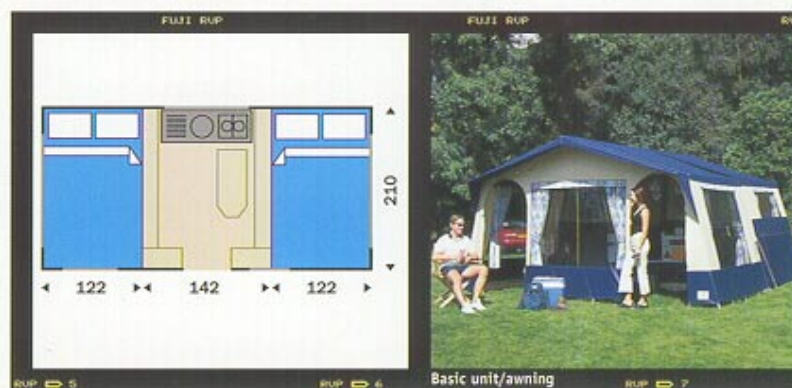

designed for the smaller family

2001

- Compact towing size and extremely lightweight.
- Built-in settee with a backrest you can adjust for full neck support or you can convert it into another double bed to accommodate guests.
- Stylish side mouldings are easy to wipe clean.
- Optional underbed tents may be used for extra storage.
- Extremely roomy cabin.
- Front mounted fridge carry box.
- Optional sun canopy completes the unit for that extended weekend break.
- All windows can now be opened internally and the new "con-vent" allows ventilation throughout the night and during inclement weather.

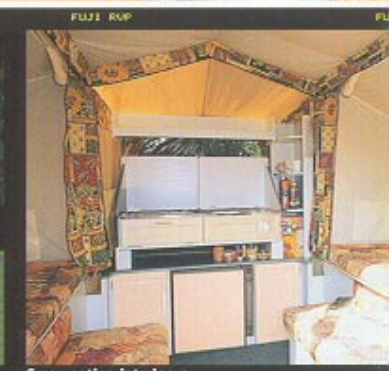

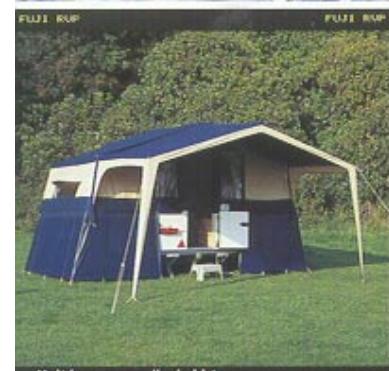

The Challenger has always been the Conway favourite folding camper for the smaller family. That doesn't mean it's small - the main living area is almost 4 metres wide (about 13').

For the year 2001 we're introducing the Challenger in a fabulous blue and beige colourway with a modern Beech interior. We challenge you to find a better model in its class - we know there just isn't one.

Countryman Standard Features

The Countryman is supplied with the following standard equipment:

- Galvanised Chassis
- Auto reverse brakes
- Wind-down corner steadies
- Underslung spare wheel

- Wheel trims
- 12v water system with tap
- Fully connected kitchen unit
- Dinette seating
- Table
- Fire Extinguisher
- Internal 12v halogen light

- Internal 12v system with sockets
- Built-in fridge

2001

FOLDING CAMPERS

Countryman

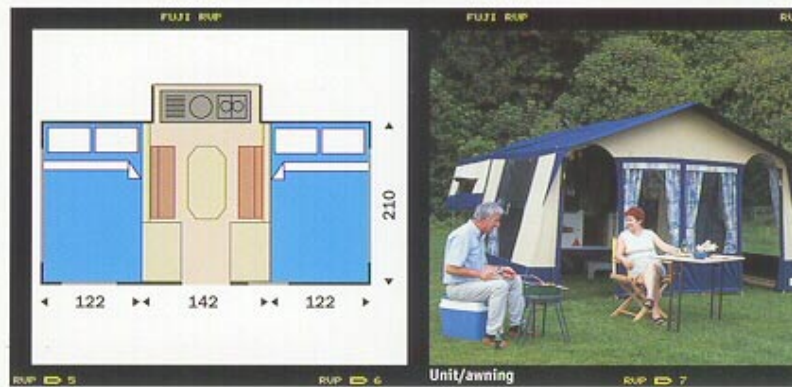

all the comforts of home in a compact trailer

- Built-in fridge that works on either gas, 12volt or mains.
- Stylish front moulding for gas bottle storage.
- Comfortable internal seating.
- Fresh modern interior colour scheme.
- Underbed tents or side skirts may be fitted to provide further bedrooms or extra storage as required.
- Has a host of features only associated with larger folding campers and yet this trailer is only 152cm (5 feet) wide so it is easy to tow, handle and store.
- Supplied as standard with a useful side shelf for all your kitchen bits with the added advantage that there is a powerful halogen light.
- The 'smooth line' sides enable you to easily wipe clean the trailer.
- Optional awning has built-in toilet compartment.
- All windows can now be opened internally and the new "con-vent" allows ventilation throughout the night and even during inclement weather.

Please note the last two options are unavailable on the optional green/beige colourway as is the dual sun canopy.

The Countryman has always been a favourite. It's a compact model - but its never been short of 'big model' features. This year we are offering this model in a choice of either blue or green to satisfy all tastes.

Go anywhere with Countryman and you'll never be short of admirers - because it's a Conway.

Freedom for life

Easy sliding erection sequence

Cruiser Standard Features

The Cruiser is supplied with the following standard equipment:

- Fully sprung mattresses
- Galvanised full perimeter chassis
- Auto reverse brakes
- Wind-down corner steadies
- Underslung spare wheel
- Wheel trims
- Generous 6'4" beds
- 12v water system with tap
- Fully connected kitchen unit with side shelf
- Dinette seating
- Internal opening bedroom ventilation
- Wardrobe
- Fire extinguisher
- 2 x 12v sockets
- Mains electrics with 2 sockets
- Roll up face wall
- Built-in fridge
- 'Smooth line' sides
- Both full and occasional tables

2001

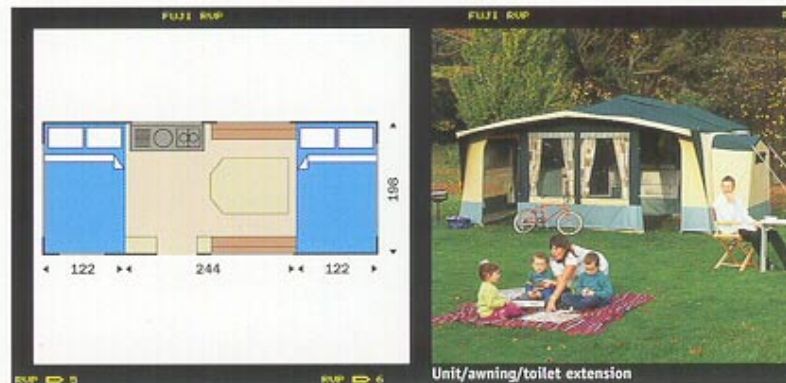

FOLDING CAMPERS

Cruiser

plain sailing with the quickest and easiest to erect camper today

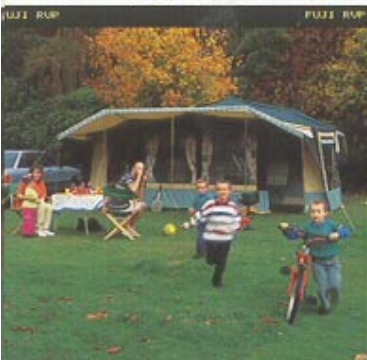

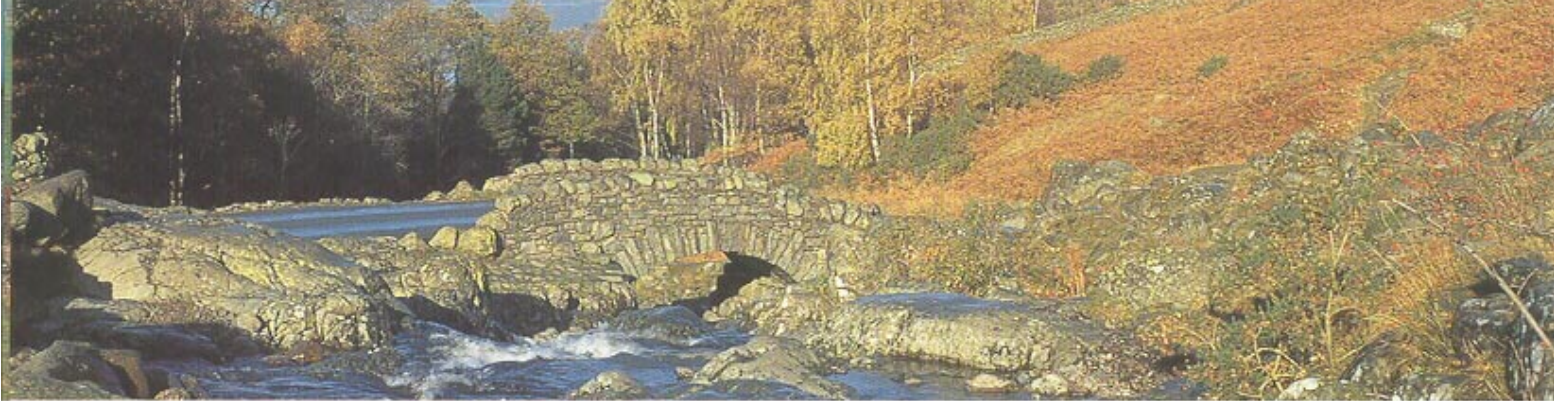

- World beating 'Connaumatic' Opening System means that simply sliding open the beds simultaneously erects the unit for you within minutes.
- Fully sprung domestic mattresses
- Front moulding which is capable of housing 2 x 7 kg gas bottles; reducing the number of bottle changes during a holiday.
- A unique kitchen which pivots easily into place and remains fully connected for gas and water.
- Fitted fridge that runs on gas, 12v or mains .
- A rear cupboard door cleverly hinges into position to become a handy occasional table if the main table (supplied as standard) is being used in the awning.
- The Cruiser comes fitted with 'Triple Electrics'. This means that you can use the pre-wired 12v system (using an auxiliary battery) or, you can use mains electrics (if available on site). If you are using the latter then your battery will automatically be topped up from the system's built-in charging facility.
- The Cruiser comes with a built-in battery box with external access for easy battery removal and replacement.
- Optional built-in hot water and blown air heating system.

Plain sailing with the quickest and easiest to erect camper today. When we claim 'quick assembly' we're talking minutes. Not just quick - but with real ease. Anyone can erect this top quality camper. And it's just bursting with features - take a look at the standard features list, it's really impressive. Add to that the optional built-in hot water and blown air heating systems and it's home from home.

Crusader Standard Features

The Crusader is supplied with the following standard equipment:

- Fully sprung mattresses
- Galvanised full perimeter chassis
- Auto reverse brakes
- Wind-down corner steadies
- Underslung spare wheel
- Wheel trims
- Generous 6'4" beds
- 12v water system with tap
- Fully connected kitchen unit
- Dinette seating
- Internal opening bedroom ventilation
- Wardrobe
- Fire extinguisher
- 2 x 12v sockets
- Built-in mains with 2 sockets
- Roll up face wall
- 'Smooth line' sides
- Gas or mains powered hot water system
- 4 burner gas hob
- Built-in fridge
- Connaumatic Opening System
- Cassette toilet

FOLDING CAMPERS

Crusader

all the comforts of home

2001

- World beating 'Connaumatic' Opening System means that sliding open the beds simultaneously erects the unit for you within minutes. (See Cruiser on previous page).
- Fully sprung domestic mattresses
- The fridge and toilet compartments have been carefully designed to vent to the exterior of the unit and not into your awning space.
- Four burner hob with smoked glass protector lid, which hinges easily into its storage position.
- Colour co-ordinated sink and cooker.
- The toilet compartment has a wash hand basin, which can be easily removed for cleaning.
- As with the Cruiser and Clubman, 'Triple Electrics' are fitted as standard along with the battery box.
- A wall shelf is supplied as standard with built-in lighting capable of illuminating the whole cabin.
- The Crusader has floor floodlights for night use.
- A rear cupboard door cleverly hinges into position to become a handy occasional table if the main table (supplied as standard) is being used in the awning.
- Built-in hot water system - mains and/or gas powered.
- Optional built-in blown air heating.

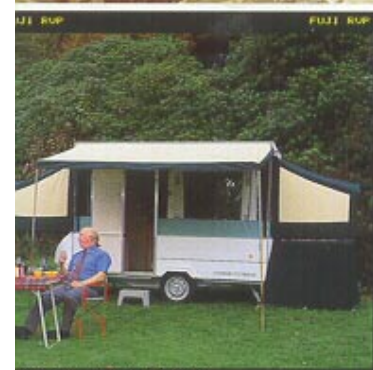

The envy of the competition for the combination of erection speed and sheer luxury.

All the comforts of the Cruiser but with the added benefit of more living room, built-in hot water and a cassette toilet - what more could you ask for?

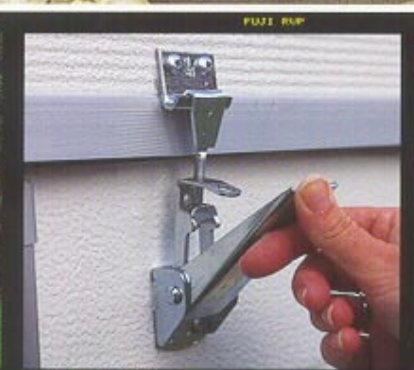

Freedom for life

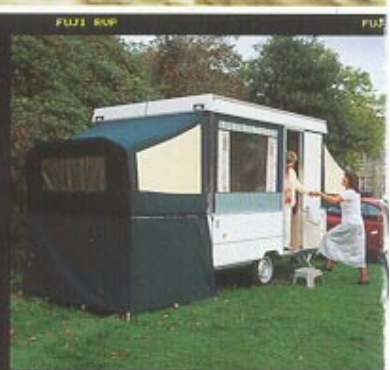

Unit/sun canopy/bed skirt

Lockable roof catch

Unit easily towed

Unit/bed skirt

Clubman Standard Features

The Clubman is supplied with the following standard equipment:

- Fully sprung mattresses
- Galvanised full perimeter chassis
- Auto reverse brakes
- Wind-down corner steadies
- Understung spare wheel
- Wheel trims

- 12v water system with tap
- Fully connected kitchen unit
- Dinette seating
- Internal opening bedroom ventilation
- Wardrobe
- Fire extinguisher
- 2 x 12v sockets
- Built-in mains with 2 sockets

- 'Smooth line' sides
- Floor lighting
- Easy-fit roof shelf
- Steel underseat safe
- 4 burner hob
- Built-in fridge
- Gas or mains powered hot water system
- Cassette toilet

FOLDING CAMPERS

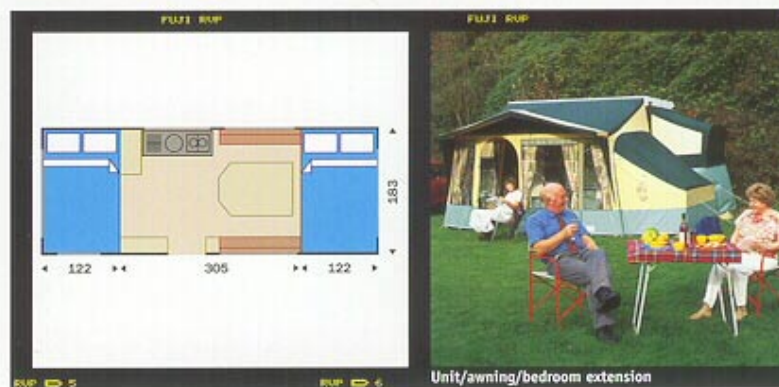

Clubman

the ultimate in folding campers

2001

- The Clubman has a hard roof, which can be locked down for security and is elevated by simply winding a handle.
- Four burner hob with smoked glass protector lid, which hinges easily into its storage position.
- The enamelled sink is colour co-ordinated to the cooker.
- The toilet compartment has a wash hand basin, which can be easily removed for cleaning.
- As with the Cruiser and Crusader 'Triple Electrics' are fitted as standard along with the battery box.
- A rear cupboard door cleverly hinges into position to become a handy occasional table if the main table (supplied as standard) is being used in the awning.
- Built-in security box.
- A roof shelf is supplied as standard.
- Fully sprung mattresses.
- Built-in hot water system - mains and/or gas powered.
- Front cabin window may be zipped down for extra ventilation.
- Optional built-in blown air heating.

From the moment you pull on to the campsite to the time you are relaxing with your first 'tipple', those around you will be amazed and envious of the wind up mechanism designed to erect this unit.

Freedom for life

2001

TRAILER TENTS

Classic Trio

a trailer tent with classic looks and innovative design

The top of the Conway trailer tent range:

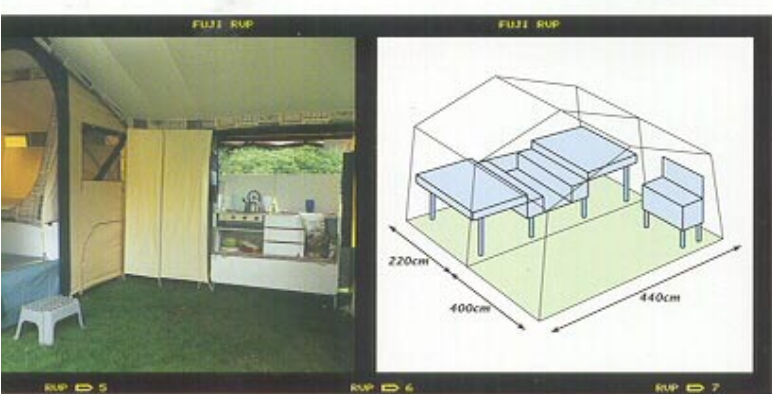

The Classic represents almost 190 sq ft of camping luxury. This year we're giving it a new look with co-ordinated colours. Mint green, beige and dark green. Forget old fashioned camping - this is a canvas hotel.

The Classic is the only Conway on the market today that can offer the versatility of three different living arrangements:

- 1 Erect just the cabin section only for that overnight stop (pictured opposite with optional sun canopy).
- 2 Erect the unit with its 1.5m awning for a weekend.
- 3 Erect the complete 4m awning for maximum holiday living space.

The Classic also offers the capability of fitting an optional dividing wall to give a porch area to store those wet wellies and coats.

- The largest trailer tent in the Conway range, the Classic has an impressive living area of 17.6 square metres (or almost 190 square feet).
- The inner cabin wall is fitted with stylish mesh windows to assist ventilation at night whilst preventing uninvited insects to dinner.
- The Classic has a side wall extension providing additional space for the kitchen and a toilet/wardrobe compartment.
- Our main picture shows half the front wall moved back to its rear position and optional porch wall, sun canopy and side wall fitted.
- The deluxe optional sun canopy can be fitted with side walls to increase your living area.

Classic Standard Features

The Classic is supplied with the following standard equipment:

- Removable mattress/seat covers
- Fully carpeted with built-in storage lockers and drawers
- Ventilated wardrobe/toilet compartment

- Roof linings
- Ventilated inner tents
- Underbed storage
- Reinforced mud flaps
- High mud wall
- Zip-out front panels with veranda capability

- Split kitchen worktops
- Kitchen water pump
- Fully galvanised chassis
- Ventilated inner cabin windows
- Moveable front wall
- Erected options of 1.5m or 4m awning

2001

TRAILER TENTS

Century

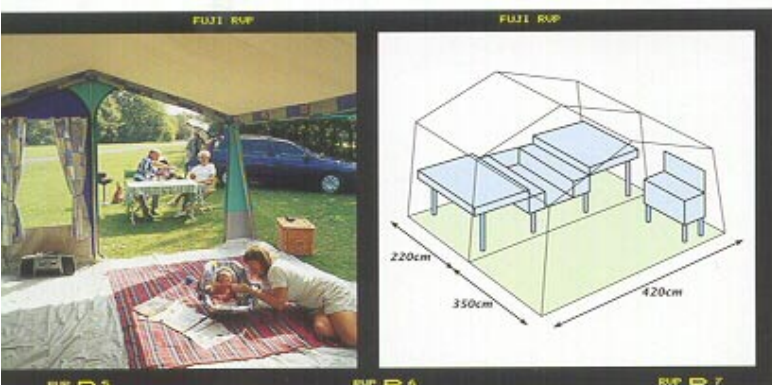

a trailer tent for the new Millennium

When Conway launched this model for the year 2000 we knew it would become a favourite - and we were right.

Its light, co-ordinated internal colour scheme has proved to be very popular.

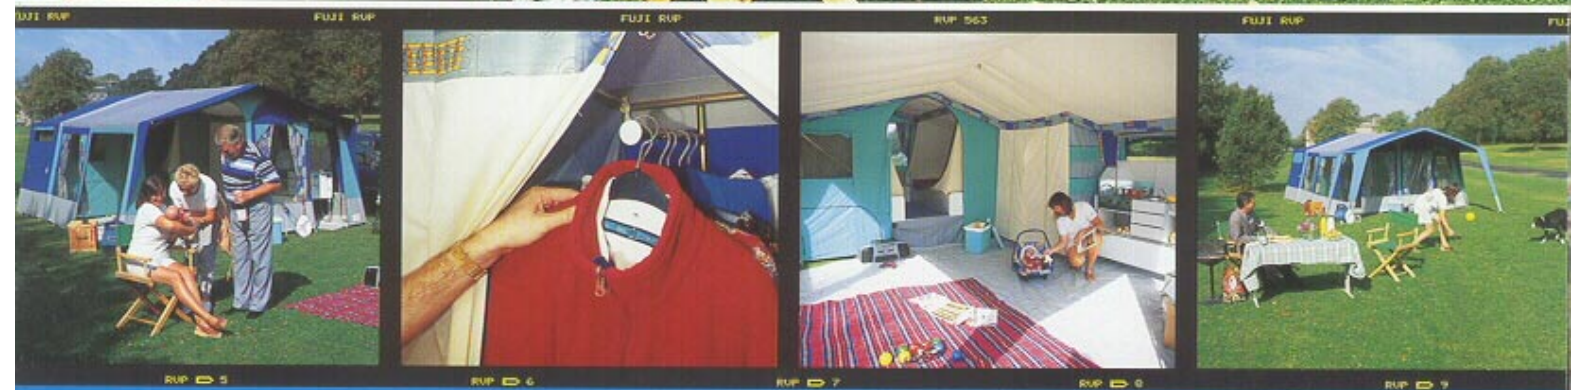

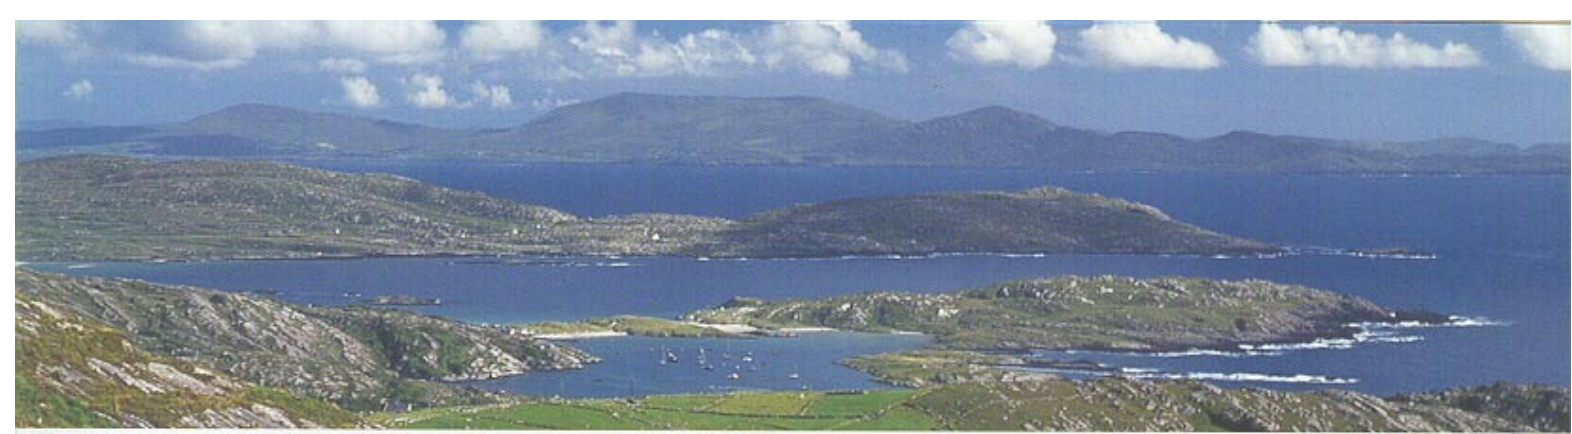

It's easy to see why Conways are "leaders in the field" and the Century is a prime example.

- The bedroom cabin wall has a ventilated mesh window for those hot summer evenings.
- The optional Deluxe sun canopy may be zipped to the cabin or tied on to the awning.
- Century has front and side walls which may be dropped onto a veranda bar or zipped out completely.
- The awning comes complete with built-in separate compartments for both a toilet and a wardrobe.
- Internal colours have been carefully co-ordinated to provide a comfortable, light environment.

Freedom for life

Century Standard Features

The Century is supplied with the following standard equipment:

- Removable mattress/seat covers
- Fully carpeted with built-in storage lockers and drawers
- Separate wardrobe and toilet compartments
- Roof linings
- Ventilated inner tents
- Underbed storage
- Reinforced mud flaps
- High mud wall
- Zip-out front panels
- Split kitchen worktops
- Kitchen water pump
- Fully galvanised chassis
- Ventilated inner cabin window

2001

TRAILER TENTS

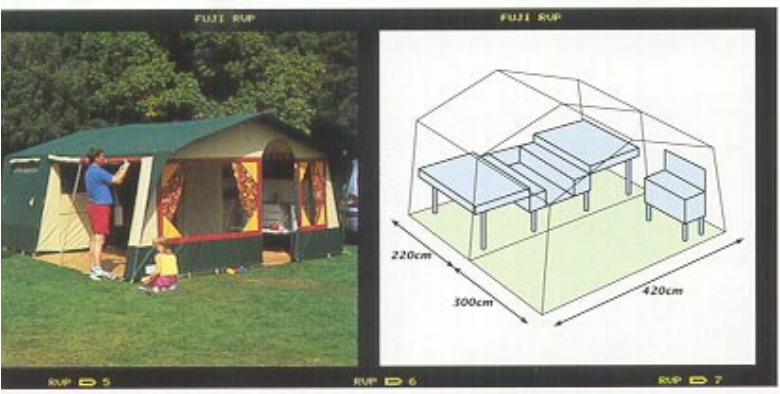

Mirage

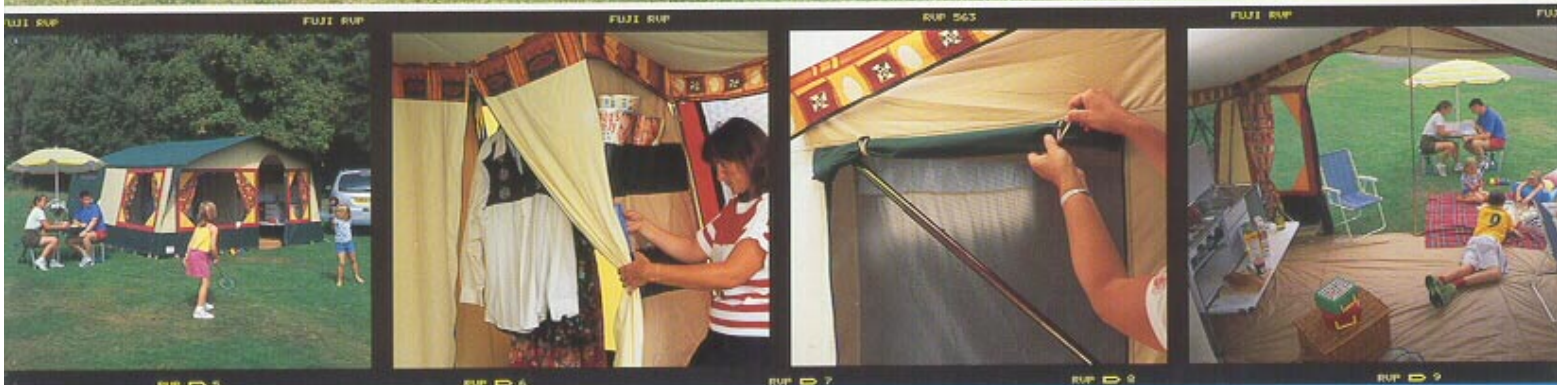

for a vision of perfection

The Mirage is well named - its stunning looks always provoke a double take. The dark green and cream colourways blend perfectly with its surroundings.

The Mirage doesn't just look good - it's packed full of Conway features right down to its galvanised chassis. We don't just want our tents to look good, we want them to stay that way for a lifetime.

- The colours of the Mirage have been carefully chosen to coordinate perfectly with the environment and will be sure to draw admiring glances from fellow campers.
- The Mirage sidewall may be rolled up without removing the curtains. The kitchen fits neatly next to the vented compartment, which may be utilised, as either a toilet or wardrobe.
- The optional sun canopy may be zipped to the cabin or tied on to the awning. Adding the sidewall will transform the Mirage into the envy of the campsite.
- The seat cushions have been cleverly designed to transform the beds into king size and add to the Conway standard of luxury.

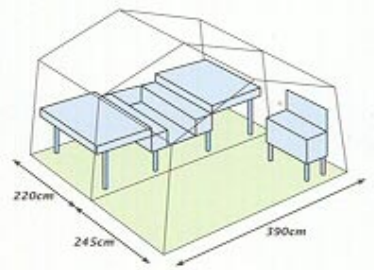

Mirage standard features

The Mirage is supplied with the following standard equipment:

- Removable mattress/seat covers
- Fully carpeted with built-in storage lockers and drawers
- Ventilated wardrobe/toilet compartment
- Roof linings
- Ventilated inner tents
- Inner cabin window
- Underbed storage
- Reinforced mud flaps
- High mud wall
- Roll-up front and side panels
- Split kitchen worktops
- Fully galvanised chassis

2001

TRAILER TENTS

Continental

Travel light in comfort

- The Continental's cabin and awning roofs are made from heavy-duty canvas and the one piece construction makes it simple to erect.
- The permanently attached awning simplifies erection. The front and side walls may be rolled up for maximum ventilation on those hot summer days.
- The Continental is Conway's lightest model making towing effortless even for the smallest car.
- Attaching the optional sun canopy provides increased living area with minimal effort.
- The Continental DL benefits from the same kitchen as the rest of our range and makes preparing food a pleasure whilst on holiday.

Continental Standard Features

The Continental is supplied with the following standard equipment:

- Removable mattress covers
- Fully carpeted with built-in storage lockers and drawers
- Ventilated inner tents

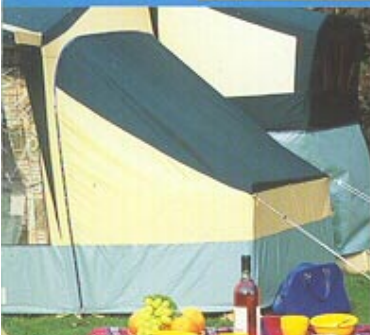

- Roof linings
- Underbed storage
- Reinforced mud flaps
- Roll-up front and side panels
- Split kitchen worktops
- Fully galvanised chassis
- Stepstool
- Pegs and mallet
