5 LIFETIME WARRANTIES

JAY SERIES SPORT HARDWALL

JAY SERIES SPORT

JAY SERIES

For 45 years, Jayco has helped create generations of family fun, and over the course of that time, fun still looks remarkably the same. From campfires to fishing, from relaxing to eating, fun has the same feel generations later—and all with a Jayco RV nearby. Today, we're the largest family-owned RV manufacturer in the world, and our promise is to continually strive to build family-friendly products that will outlast just about everything but your memories. Join us in our generations of family fun.

On the cover: The 1987 brochure artwork, illustrated by Tim MacDonald, was part of a successful ad campaign. These illustrations inspired the 2015 Jayco brochure covers, which are live re-creations of Tim's artwork.

Forty five years ago, Jayco founder Lloyd Bontrager created an easy-to-use lifter system that led to a better fold-down camper. Today, thanks to his patented design and other innovations like it, Jayco backs its camping trailers with five lifetime component warranties.*

PATENTED LIFTER SYSTEM

1 LIFTER SYSTEM

Fully enclosed** to protect against road debris and rust, our one-of-a-kind, patented lifter system uses strong, flexible push-rods to guide the roof, while our three-stage tubular lift posts include nylon bushings to reduce friction, shed water and protect the tent fabric. (Jay Series power lift components feature a 2-year warranty.)

1,050-LB. RATED BUNK ENDS

2 BED PLATFORM

Rest easy on a bed of Jayco durability. A two-piece extruded aluminum bed frame, 1/2" decking and heavy-duty supports hold up to 1,050 pounds.

SEAMLESS DOME ROOF

3 ROOF

The Jay Series' fiberglass roof features a unique dome design for better water runoff and one-piece construction for superior leak prevention, ensuring your RV will weather the elements.

INTEGRATED A-FRAME

4 FRAME

Powder coated to prevent corrosion, Jayco's custom-built frame is built for the long haul, featuring an integrated A-frame that prevents buckling and torque during towing.

POLY FLEX-WRAPPED FLOOR

5 FLOOR

Jayco wraps its one-piece wooden floor deck with water-resistant Poly Flex material. Using glue and screws to double bond the floor to the frame, Jayco's camping trailers boast one of the industry's strongest foundations.

* Not available on the Jay Series Sport Hardwall.

** The Jay Series Sport lifter system is not fully enclosed.

JAY SERIES SPORT 10SD

Jay Series Sport

Elevate your experience

JAY SERIES SPORT

The 2015 Jay Series Sport delivers all the comforts of a pop-up camper at a price you can afford. Boasting 1,050-lb. rated bunk ends and convertible dinettes, you can forget sleeping on the ground. Welcome to a new level of camping.

JAY SERIES SPORT 10SD

JAY SERIES SPORT 10SD

JAY SERIES SPORT HARDWALL

For 2015, Jayco is adding even more pop to its Jay Series Sport lineup with four hardwall floorplans — a new easy-to-setup design for on-the-go enthusiasts.

HARDWALL SETUP

Sets up easily in less than 30 seconds.

- 1 Pitch the spring-loaded roof, guiding it up until it locks into place.

- 2 Step inside and shut the bottom door behind you before flipping up the top half. Secure with latch.
- 3 Push and latch the triangular sidewalls for final setup.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart left.

JAY SERIES 1209SC

Jay Series

Fold out the fun

JAY SERIES

Broaden your horizons in a 2015 Jay Series. Our most popular camping trailer lets you bring the outdoors in — and the indoors out — in four family-friendly floorplans with sleeping for up to eight people. A carry-out dinette table and stainless-steel carry-out stove let you enjoy the best of both worlds.

JAY SERIES 1209SC | OPTIONAL BATH/SHOWER

JAY SERIES 1007UD | KING BED TENT END

EASY ENTRANCE

Jayco's stepper door (n/a 1001XR) doubles as an entry door and swing-down step. Its swing-away function creates more ground clearance during travel, while its large design makes for a spacious step.

DURABLE INTERIORS

Jayco builds its camping trailers to hold up to the most rugged of family adventures, starting with DuraTek vinyl tent material, double-stitched for extra longevity. This material packs up well, resisting mold, mildew, scratches and cracks. Inside, 75-lb. rated ball bearing drawer guides provide durable storage.

FRESHEN UP

Who doesn't love hot water? Jay Series packs a 6-gal. water heater, water heater bypass and water filtration system for the ultimate in convenience. And a swing-level galley makes kitchen setup easier than ever.
