

Step by Step

Montana Explorer

S

tep 1. Put down the jockey wheel, release (unhook) the trailer from the car

S

tep 2. Down the steady corners with the handle provided , until level the trailer

Use the level included in the rear side.

S

tep 3. Open the locks with the key.

S

tep 4. Raise the cover leg, until the top

S

tep 5. Open the cover down to the ground

S

tep 6. Enter in the tent and raise the central tubes to completely center the tent

Step 7. Leave the tent and hook it at the trailer structure

Step 8. For a better support use the included tubes for tensioning the tent.

Step 9. Put the curtains and cushions in bed or seat position
