**Pennine Leisure**

*Dear Reader,*

*Welcome to our exciting new Pennine Leisure catalogue.*

*You'll find it packed full of exciting new developments in folding trailer camping with a range of products to suit every holiday need. Our commitment to quality is paramount - with design, ease of use, build quality and customer support top of our priority list.*

*Whether you're young or old, have a family or are blissfully independent, you'll find our products are designed to give many years of holiday pleasure.*

*So from all at Pennine Leisure...*

*Happy Holiday*

## Committed to excellence

At Pennine we have been producing the finest Folding Campers for more than 20 years. Our commitment to quality and innovation has earned Pennine Leisure the distinction of being the acknowledged leader in the development of the Folding Camper in Europe. This drive for excellence and attention to detail can be seen throughout our full range of campers.

It has always been our policy to manufacture as many component parts of the campers as possible thus ensuring the highest quality control at every stage of production. This has enabled us to improve and develop at a much faster rate than other manufacturers and pass on the benefits to our customers. An important advantage of "in-house" manufacturing is the superior after-sales service we can

provide for our customers - with spares, technical help and useful information readily available.

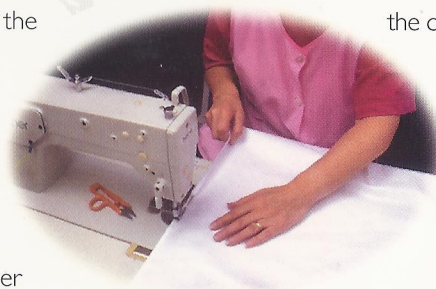

We have been working hard to develop and enhance our campers for the coming year and

as you will see

have made

many significant improvements to the range. We are confident that choosing a Pennine product will make you the proud owner of one of the best designed and built campers available on the market today.

Our ongoing policy of combining innovative design with quality materials and fine craftsmanship is your guarantee of folding camper excellence from the market leaders... Pennine Leisure.

## Attention to detail

Pennine Folding Campers are designed and built by campers for campers. Every part of the design has been carefully thought out to make your holiday that much more enjoyable - from the choice of upholstery fabric down to the precise shape and location of a light switch.

Electrolux refrigeration on all models except Apollo

Front and rear grab handles on larger models

Large cutlery drawer standard on all models.

Non-peg Penn-vent system with clear PVC storm window on all models.

## Folding campers - the facts

Folding Campers are probably the most versatile piece of holiday camping equipment available today.

They combine most of the best features of a touring caravan with the easy towability and storage of a low profile trailer.

The Folding Camper should not be confused with a trailer tent - it is an entirely different concept. A Folding Camper is essentially half caravan and half tent. It is built on a strengthened caravan chassis with the same wheels, tyres and braking system. It has caravan style upholstered seating, ample cupboard space, large seat lockers, 3 way refrigerator, cooking hob/grill, and most of the larger units also have a wardrobe with mirror and light.

One of the main advantages of a Folding Camper over a Touring Caravan is that the two large double beds are separate from the living area and are always made up and available for use.

Folding Campers are quick, easy to erect without any pegging of the main unit and provide all the facilities for overnight stops and short stay camping. An awning can be used for longer stays and provides extra living space in exactly the same way as a touring caravan.

Pennine manufacture the widest range of Folding Campers on the market today with a model to suit your every requirement.

There is an extensive range of optional equipment available to enable you to customize a camper to your own requirements including: water heaters, blown air heaters, ovens, awnings, awning extensions and under bed skirts.

We hope that this brief outline has given you an insight into the many virtues of folding campers and provide you with all you will need for the perfect getaway holiday.

## Simplicity itself

### It's as easy as 1...2...3...

Pennine Folding Campers are incredibly simple to erect, even by one person. Typically less than ten minutes from unhitching the car to "ready-to-use".

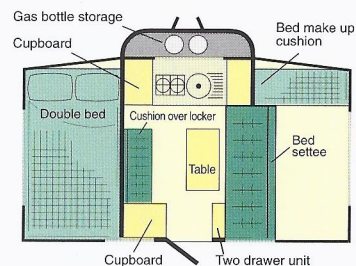

The new  
compact  
camper that  
combines  
stylish good  
looks with the  
essential  
features of a  
much larger  
camper

# Apollo

The APOLLO is a new concept in folding camper design. It is the most compact of the Pennine folding camper range and offers superb accommodation with real versatility. It combines the maximum of interior floor space and cupboard storage within a very compact and easy-to-tow trailer.

It can comfortably sleep 4 people by converting the bed-settee into a double bed for night time use. The camper has a fitted carpet with a

removable door mat and mat well. The interior fabrics are tastefully co-ordinated and complimented by maple wood grain furniture with black trimmed fine-line doors.

The stainless steel combination sink unit incorporates a drainer together with double burners and grill, positioned at normal domestic kitchen unit height. Underneath is a useful shelf with double drawer unit and kitchen cupboard. Next to the kitchen unit is a cupboard ideally positioned to accommodate the optional fridge.

The onboard storage space is further enhanced by two lockers, with a cupboard and double drawer unit on either side of the entrance door.

The APOLLO offers surprisingly spacious accommodation and a high level of comfort. The versatile optional awning offers increased living area and zip-on underbed skirts are available to give extra space when the occasion demands.

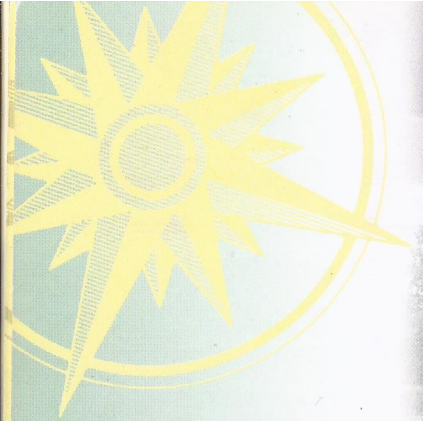

## Features

- AL-KO galvanised chassis
- Auto-reverse brakes
- Wind down corner steadies
- 155 x 13 radial tyres
- Spare wheel and carrier

Fiesta 2 + 2

[www.foldingcampers.net](http://www.foldingcampers.net)

# Fiesta

The FIESTA was designed with the small family in mind and has evolved into a most versatile and attractive compact camper. It is available in a standard 4 berth layout or a 2+2 for the family who prefer to have extra floor space inside the camper.

The roomy interior is comfortable for both living and dining, and the twin drawer unit and large cupboards provide plenty of storage space.

A three way refrigerator is fitted as standard together with a caravan style kitchen unit incorporating double burner and grill, with stainless steel bowl and drainer.

The interior 12 volt sockets and fire extinguisher are also fitted as standard equipment.

Maple wood grain furniture and grey carpet are complimented by the carefully chosen upholstery and curtain fabrics. The FIESTA offers comfortable off the floor camping with flexible sleeping arrangements, all combined in a superbly equipped easy to tow trailer, that can easily be stored in any garage.

Spacious six  
berth  
camper with  
a list of  
standard  
equipment  
that belies its  
budget price

# Sterling 510 SE

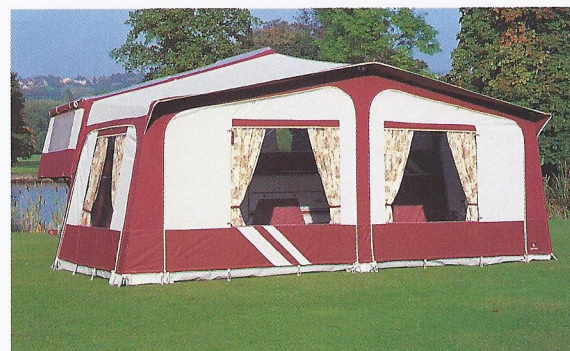

The STERLING six berth camper conveys the quality and value inherent in its name, and provides genuine Pennine quality at a remarkably low price.

The interior is both spacious and luxurious, it is ideal for the larger family and can comfortably sleep six people by converting the two settees into a double bed.

A modern caravan-style kitchen unit incorporates double burner, grill, stainless steel bowl and drainer. The generous cupboards and seat lockers provide ample storage for all the many items that are necessary for a successful and happy family holiday.

The STERLING is a folding camper that will accommodate both your family and your pocket.

- Generous dinette seating

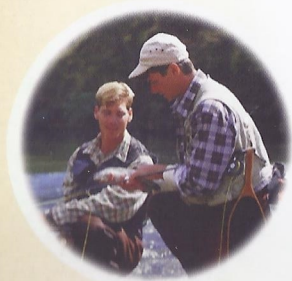

Pennine Leisure

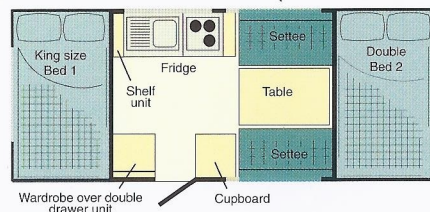

Luxurious six  
berth camper  
with a  
comprehensive  
range of  
standard  
equipment

# Pullman 535 SE

The six berth PULLMAN has the longest pedigree of any folding camper and has been in continuous production since 1981. It has evolved into a superbly equipped unit with most of the essential features of a caravan. Like all Pennine folding campers, it is simple and quick to erect and is visually very attractive whether towing behind a car or erected on a campsite.

The interior decor has been carefully co-ordinated to give a pleasing caravan style appearance with attractive furnishings and fittings. The kitchen unit has been re-designed to incorporate a three burner, green enamelled hob and grill with toughened glass lid and a large enamelled sink and drainer. The profiled edge laminated work surfaces combine with the elder wood grain furniture to give a most pleasing overall appearance. A three way refrigerator, wardrobe with light and mirror, two drawer storage unit and ample cupboard space combine to put the PULLMAN in a class of its own.

## Features

- Taper-line AL-KO galvanised chassis
- Auto-reverse brakes
- Wind down corner steadies

that changes  
the way you  
look at  
camping

# Pathfinder De-luxe

The six berth PATHFINDER marks a significant advance in the evolution of the folding camper. The PATHFINDER, with its on board washroom incorporating electric flush cassette toilet and tip-up hand basin, has finally closed the gap between the main facilities available in a caravan and those previously available in a folding camper.

The stylish exterior gives a pleasing foretaste of the delights to be found inside. The new co-ordinated furnishing fabrics and interior layout have been carefully designed to give ample living space for six people.

The three burner, enamelled hob and grill with toughened glass lid together with the large sink and drainer are identical to those found in many caravans. The comprehensive basic specification can also be further enhanced by the addition of the optional colour co-ordinated oven and a water heater which can be operated on either gas or mains electricity.

The new PATHFINDER is undoubtedly the most comprehensively equipped folding camper on the market with mains electricity, battery locker, three way refrigerator, wardrobe, shelf unit, four interior lights, fire extinguisher and two large mirrors all featured as standard equipment. With this superb specification, the spacious PATHFINDER is truly leading the evolution of the folding camper into the 21st century.

## Features

- Taper-line AL-KO galvanised chassis
