Travelling with a Pennine Folding Camper is safe and easy and you also benefit from much better fuel economy compared with caravan towing.

Pennine Folding Campers are manufactured to a very high standard right here in the UK. There are four superb models to choose from in the range - from the compact two berth Aztec to the spacious and luxurious six berth Pullman.

The Pullman represents the ultimate in Folding Campers. It offers a level of comfort and luxury that would normally only be found in a caravan.

Beautiful furnishing fabrics and stunning interior decor have been carefully coordinated to give a pleasing caravan style appearance. Whether dining or lounging, the Pullman's interior has been designed to give maximum comfort and ample off the ground sleeping for six people.

Split kitchen unit tops with Formica work surfaces, combine with a double burner with simmer taps, grill, all with flame failure device, a stainless steel bowl and drainer, electric water pump and a 3 way refrigerator, all of which make food preparation and day to day living remarkably easy.

An interior light, wardrobe with mirror, a fire extinguisher, two drawer storage unit, and considerable cupboard space really put the Pullman in a class of its own.
